OVERVIEW

Yolo County residents are likely unaware of all the various local agencies that serve them. The most common method for the public to obtain this information today is the internet. Residents should be able to easily find the description of services provided, the names and contact information of board members and management, the budget, agendas and minutes of meetings, and other information. An effective website presence can also benefit the agency by making resources available online and save staff time.

In the fall of 2017, the cities and County requested LAFCo to begin preparing web transparency scorecards on an annual basis promoting a vision for open government and transparency for government agencies countywide (cities, County, special districts, and joint powers authorities), thereby fostering public trust and accountability.

The checklist criteria are intended to establish a generally accepted minimum standard for transparency, i.e., it is not intended to be a “best website” contest. We acknowledge some of our larger agencies go far above and beyond these criteria for higher levels of public service and communication. The goal for smaller agencies is not necessarily to have a high score at the outset, but to set a baseline that will hopefully see improvement from year to year.

WEBSITE CONTENT CHECKLIST

The scorecard is based on the following criteria to be included on each agency’s website or webpage. These criteria were borrowed from the 2015-16 Marin Web Transparency Report Card prepared by the Marin County Grand Jury, which consolidated several well-respected organizations’ checklists¹. LAFCo has adapted the checklist over the years to better suit Yolo’s local agencies.

Below is the current checklist used for this report.

1. Overview
 - a. Description of services/functions: What actions does the agency undertake and what services does the agency provide?
 - b. Boundary of service area: What specific area does the agency serve? (May not be applicable to all JPAs. If not, who (generally) or what agencies does the JPA serve?)
2. Budget
 - a. Budget for current fiscal year and three years prior to the current year.
 - b. Financial reserves policy: What is the agency's policy for designated reserves and reserve funds? (The policy should be in either the agency policy manual or found in the budget or audit reports).
3. Meetings
 - a. Board meeting schedule: When and where specifically does the agency meet?
 - b. Archive of Board meeting agendas & minutes for at least the last 6 months: Both approved minutes and past agendas
4. Elected & Appointed Officials
 - a. Board members (names, contact info, terms of office (terms do not apply to JPAs), compensation, and biography): Who specifically represents the public on the Board? How can the public contact them? When were they elected (or appointed)? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)?
 - b. Election procedure and deadlines: If the public wishes to apply to be on the Board, how and when can they do so? (Does not apply to JPAs)
 - c. Reimbursement and compensation policy: Which (if any) expenses incurred by the Board are reimbursed? Do the Board members receive compensation?

¹ *Sunshine Review (now Ballotpedia), Illinois Policy 10-Point Transparency Checklist, Institute for Local Government, and the Special District Leadership Foundation.*

5. Administrative Officials
 - a. General manager and key staff (names, contact info, compensation, and benefits): Who specifically runs the agency on a day-to-day basis? How can the public contact them? How much do they earn in this role (as required by Assembly Bill 2040 effective January 1, 2015)? What specific benefits are they eligible for (healthcare, retirement plan, educational benefits, etc.)?
6. Audits
 - a. Current financial audit
 - b. Financial audits for the three years prior to the current year².
7. Contracts
 - a. Current request for proposal and bidding opportunities
 - b. Instructions on how to submit a bid or proposal
8. Public Records
 - a. What is the best way for the public to request public records?
9. Revenue Sources
 - a. Summary of fees received: fees for services, if any.
 - b. Summary of revenue sources: bonds, taxes, loans and/or grants. The public should be able to understand how the agency is funded, generally speaking.
10. Agency Specific Criteria
 - a. Municipalities: Downloadable permit applications and zoning ordinances
 - b. Special Districts: Authorizing statute/enabling act (Principal Act or Special Act), board member ethics training certificates, link to the LAFCo website and any state agency providing oversight
 - c. Joint Powers Authorities: A copy of the joint powers agreement as filed and adopted (with any updates)

REVIEW AND SCORING PROCESS

For ease and transparency of use, information for each agency should be found within a few “clicks”. Information that is buried in an agency’s board minutes or on other websites not available in a click from the agency’s website is not in the spirit of transparency. Long and complex PDF (Portable Document Format) documents, such as a budget or an audit report, must be text-searchable, and not simply a picture of a page of text, to easily find specific details.

The scoring rubric was determined based on the number of points on the checklist for which the criteria were completely met. If an agency partially met the criteria, partial points were awarded, and the checklist was denoted with an “incomplete”. LAFCo remains open to public and agency feedback about what items are working well, and which are not.

LAFCo provided initial outreach information multiple times when the program started up in 2018 to make agencies aware of the new scorecard, the checklist and process to expect. Website demonstrations were held for special districts in person and via webinar (which was recorded and can still be viewed). Now that the program is up and running on a regular schedule, LAFCo sends all the agencies a courtesy letter each summer reminding agencies of scoring to occur in the fall and the website transparency scorecard after its finalized, typically in January.

² Audits are due to the State Controller’s Office following close of fiscal year as follows: for cities/county by the following March 31; special districts by the following June 30 unless a 2, 3 or 5-year interval has been approved by the County Auditor; and JPAs by the following June 30.

LOCAL AGENCIES AND TRANSPARENCY SCORES

There are 5 cities/county, 47 special districts (28 independent and 19 dependent districts), 18 local joint powers authorities, and LAFCo for a total of 70 local agencies included in this scorecard as listed below. Dependent districts may have a local advisory body (or in the case of many fire protection districts, Board of Supervisors authority delegated to a local fire commission) but ultimately answer to a city or county. Independent districts have locally elected or appointed boards for independent decision making.

Every independent special district in California is required to either maintain a website by January 1, 2020, or adopt a hardship resolution annually. Senate Bill 929 added Government Code sections 6270.6 and 53087.8. There is no legal requirement for dependent special districts and JPAs to maintain a website³.

SCORECARD RESULTS

The checklist criteria are intended to establish a generally accepted minimum standard for transparency. We acknowledge some of our larger agencies go far above and beyond these criteria for higher levels of public service and communication. The goal for smaller agencies is not necessarily to have a high score at the outset, but to set a baseline that will hopefully see improvement from year to year.

CITIES/COUNTY

City and county websites continue to demonstrate a high level of transparency overall. Average scores declined slightly from 92% in 2023 to 89% in 2024, followed by an improvement to 92% in 2025, indicating that most agencies have maintained strong compliance with transparency requirements over time.

SPECIAL DISTRICTS

Website transparency among special districts continues to vary by district type, though several categories show gradual improvement. As of 2025, 24 of 28 independent special districts (86%) have a website, reflecting a modest improvement from prior years.

Cemetery districts remain the lowest-performing category overall, averaging 39% in 2023, 41% in 2024, and 41% in 2025. While Davis Cemetery District and Winters Cemetery District score very high individually, several cemetery districts continue to score 0%, which keeps the category average low.

Community services districts (CSDs) have remained relatively stable, with average scores of 58% in 2023, 55% in 2024, and 58% in 2025. Esparto CSD consistently scores very high, while the remaining districts fall within the mid-range.

County service areas (CSAs) continue to perform well overall, with average scores of 93% in 2023 and 89% in both 2024 and 2025, reflecting generally strong transparency across this category.

Fire protection districts (FPDs) show the most notable improvement over the three-year period, increasing from 53% in 2023, to 56% in 2024, and 67% in 2025. This improvement is likely influenced in part by recent municipal service reviews (MSRs) and increased attention to website compliance.

The Sacramento-Yolo ort District has remained relatively consistent, with scores of 83% in 2023, 78% in 2024, and 84% in 2025.

The Yolo County Resource Conservation District (RCD) improved from 71% in 2023 to 83% in 2024, remaining at 83% in 2025.

Water districts showed moderate performance overall, with scores of 64% in 2023, 60% in 2024, and 67% in 2025.

Reclamation districts (RDs) continue to lag behind other categories but show gradual improvement, increasing from 36% in 2023, to 44% in 2024, and 51% in 2025. Its notable that RD 765 created a new website in 2025 following recent MSR recommendations.

Special districts can be divided generally into two different categories: dependent and independent. Dependent districts are formed and may have a local advisory body but ultimately answer to a city or county. Examples include the CSAs and some FPDs which can be formed either way. Independent districts have locally elected or appointed boards and make independent decisions (i.e., not subject to a city or county). Examples include CSDs, cemetery districts, reclamation districts, and water districts, among others. One reason why this is an important distinction is that legislation was passed in 2018 (SB 929 McGuire) which requires independent special districts to have a website by January 1, 2020, or adopt a hardship resolution annually⁴. There are six (6) independent districts which are currently not in compliance with this law including 3 cemetery districts, 1 fire protection district, and 2 reclamation districts.

⁴ Senate Bill 929 added Government Code sections 6270.6 and 53087.8

JOINT POWERS AGENCIES/AUTHORITIES (JPAs)

JPAs can take many varied forms. For the purposes of the Website Transparency Scorecard, LAFCo focused on the JPAs that operate locally as opposed to multi-county or statewide JPAs. Some of these local JPAs have an office with dedicated staff and others operate more as a “paper” JPA. As one might expect, the JPAs with dedicated staff and resources generally tend to have a website with more content while “paper” JPAs do not. Like the dependent districts, member agencies should work with “paper” JPAs to have a page on the agency website, such as the financing authorities. The joint powers agencies/authorities’ scorecards remained relatively consistent as compared to last year with an average score of 56%.

WEBSITE RESOURCES

Streamline web <https://www.getstreamline.com/> offers a powerful, flexible content management system designed specifically for smaller local governments (used by Yolo LAFCo and several other districts and JPAs in the county) on a monthly fee, sliding scale based on agency budget.

The Special District Leadership Foundation (SDLF), a foundation arm of the California Special District Association (CSDA), provides scholarship funds for special districts to create their own website to comply with new requirements. Funding is available to districts either without a compliant website or no website at all. Applications are evaluated on the 15th of each month until the funds are gone for the year. Follow this link to download the simple, one-page application: <https://www.sdlf.org/scholarships/sdlf-scholarships>.

Yolo Local Government

Transparency and Accountability Program

VISION

Our vision is to promote open government and transparency for government agencies countywide (cities, County, special districts, and joint powers authorities), thereby fostering public trust and accountability. We will achieve this by:

- Requesting that LAFCo add selected types of joint powers authorities/agencies to its municipal service review process already conducted with the cities and special districts.
- Supporting LAFCo to develop a scorecard measuring local agency website transparency, performed on a regular basis.
- Agreement to a common checklist of information used to measure the level of transparency in local agency websites.
- Ensuring that city/county websites are a model for other local government agencies to follow.
- Encouraging local special districts and JPAs to create a web presence if they do not already have one.

GOALS

The agencies seek to improve:

- Transparency and accountability.
- Oversight.
- Service delivery and efficiency.
- Coordination among agencies.
- Public understanding of local government.
- Good governance by creating a standard of basic elements for a well-run governmental organization (annual budget, CIP, audits, etc.).

VALUES

TRUST AND INTEGRITY which the agencies will demonstrate by following through on their commitments, duties, and responsibilities.

OPEN, HONEST, AND CLEAR COMMUNICATION within each organization, between agencies and with the public.

FISCAL ACCOUNTABILITY as demonstrated by making budgets, financial practices, compensation, and audits available to the public.

PROMOTING AWARENESS of local government by promoting a website presence that describes the agency's reason for existing, a description of services it provides, and the area it provides services to.

ENCOURAGING UNDERSTANDING of where tax dollars go and how to easily contact board members and agency management.

CIVIC RESPONSIBILITY through access to board meeting schedules, agendas and minutes so the public can more easily attend board meetings and become involved.

TRANSPARENCY to respond to the growing movement to make governmental information available and searchable online.

REPRESENTATION to inform the public regarding board members (names, contact information and terms of office) and their election/appointment process.

JPA/SHARED PROGRAMS FINANCIAL BEST PRACTICES

City/County managers will determine assignments to each JPA/Shared Programs for liaison/oversight purposes. Shared programs include programs that are funded via city/county cost sharing, e.g. Yolo County Animal Services, Office of Emergency Services, West Valley Fire Training Consortium, etc.

Budget integration between JPAs/Shared programs and "member" agencies that fund them will be improved by implementation of the following process performed annually:

- City/County managers will prepare a consolidated summary-level budget preparation memo for the JPAs and other shared programs that require city/County funding. The memo should convey the budget stance for the upcoming fiscal year, plus a longer range outlook. The intent is to create JPA alignment with the cities/County budget stance and mirror agency cycles of budget reductions or growth.
- City/County managers may schedule budget workshops with the JPAs and shared programs each year around the March timeframe or as appropriate.
- JPAs and other shared programs are requested to provide draft budgets for funding agencies' executive manager review by May and final adopted budgets no later than June 15th of each year for integration into each funding agency's budget.

Formation of any new JPAs or shared programs should only be considered when the following criteria are met.¹ The proposed JPA/shared program:

- Will demonstrate cost reduction.
- Is more efficient.

¹ Governments Working Together, A Citizen's Guide to Joint Powers Agreements, California State Legislature, Senate Local Government Committee, August 2007

- Will reduce or eliminate overlapping services.
- Will result in the sharing of resources.

JPA agreements should include common policies supporting JPA funds to be held in the County Treasury (as appropriate), open government, and transparency.

PROGRAM IMPLEMENTATION – MUNICIPAL SERVICE REVIEWS OF SELECTED TYPES OF JPAs

The Cities/County request that LAFCo conduct Municipal Service Reviews every five years of selected types of JPAs whose service area is mostly within the county and includes: (1) JPAs that provide municipal services; (2) JPAs that employ staff; and/or (3) JPAs with boards comprised of agency staff. New JPAs may be created in the future and added to this list, but currently those JPAs include:

1. Valley Clean Energy Alliance
2. West Sacramento Area Flood Control Agency
3. Woodland-Davis Clean Water Agency
4. Yolo County Public Agency Risk Management Insurance Authority
5. Yolo Emergency Communications Agency
6. Yolo Habitat Conservancy
7. Yolo Subbasin Groundwater Agency

LAFCo steps to complete Municipal Service Reviews on a five-year cycle of these JPAs include:

- Requesting any additional information from the JPA, minimizing JPA staff time.
- Developing JPA recommendations regarding each of the seven standard MSR determinations.
- Completing an administrative draft report for preview by JPA management.
- Responding to any comments and preparing a draft report available for public review.
- Publishing a hearing notice for public review and comment of the draft MSR.
- Adopting the MSR at a public hearing, finalizing the report, and posting it online.
- Sharing MSR findings with city/county managers, including any cumulative recommendations on ways to streamline and improve efficiencies with the governance structures countywide.
