**JUSTIFICATION**
A) In as much detail as possible, please explain why this proposal is necessary and/or beneficial at this time. (For example, a proposed development or existing residences might require services not currently provided or available.)

The Springlake Fire Protection District has, to the best of the Governing Board's knowledge, always operated as if it was a Dependent Special District. Over the last three years, the Board has carried two vacancies that it has been unable to fill, requiring all three currently serving Commissioners to be present in order for a quorum to conduct any District business. Due to this, concerns about the Board's ability to form a quorum should a currently serving Commissioner resign or chose not to renew their term, have arose. This would leave the Board powerless without the Board of Supervisors to fall back on as a governing body. In order to provide for these exigent circumstances, the SFPD is requesting to change from an Independent Special District to a Dependent Special District while maintaining a separate, appointed Fire Commission.

B) Is this application proposed to carry out a development project? If so, describe the project.

No.
