#### Information

#### **SUBJECT**

Renew authorization for remote (teleconference/videoconference) meetings pursuant to Assembly Bill 361 on the basis that (a) the COVID-19 pandemic state of emergency is ongoing, and (b) meeting in person would present imminent risks to the health or safety of attendees

#### RECOMMENDED ACTION

Renew authorization for remote (teleconference/videoconference) meetings pursuant to Assembly Bill 361 on the basis that (a) the COVID-19 pandemic state of emergency is ongoing, and (b) meeting in person would present imminent risks to the health or safety of attendees.

#### FISCAL IMPACT

None.

#### REASONS FOR RECOMMENDED ACTION

The recommended action is required by Assembly Bill 361 to continue meeting remotely during a declared state of emergency. The Commission has been meeting remotely pursuant to AB 361 since October 28, 2021. Some Commissioners returned to meeting in person on June 30, 2022 with various measures to minimize in-person attendance and to provide options for continued public participation via ZOOM. Renewing the AB 361 findings in nonetheless appropriate and, if adopted, the findings will allow the Commission to continue to participate remotely if needed or desired.

AB 361 amended the Brown Act to add simplified procedures that make it easier to hold remote meetings during a state of emergency proclaimed by the Governor (a local emergency is insufficient). See Gov. Code §54953(e). To meet remotely during a proclaimed emergency, the legislative body must find either of the following circumstances is present: (a) state or local officials continue to impose or recommend measures to promote social distancing; or (b) as a result of the declared emergency, the legislative body finds by majority vote that meeting in person would present imminent risks to the health or safety of attendees.

Like many other facilities throughout the County, the Board Chambers were not designed to ensure that attendees can remain six feet apart to reduce the possibility of infection with the virus that causes COVID-19; and, holding in-person meetings would encourage community members to come to County facilities to participate in local government, and some of them are likely to be at high risk for serious illness from COVID-19 and/or live with someone who is at high risk. All of these facts remain applicable presently, and although the local case rate is significantly higher, altogether, staff believe the Commission can appropriately make the findings necessary to allow continued implementation of AB 361.

Finally, continuing to authorize remote meetings pursuant to AB 361 does not require the Commission to meet remotely, it merely allows one or Commissioners to do so as necessary or convenient. Staff anticipate that going forward, most or all Commissioners and essential staff will attend meetings in person and members of the public will likely choose to participate remotely for the sake of convenience. In a hybrid format staff would set up the Board Chambers to have physical distancing where at least every other seat for the public is out of service to ensure distance between attendees.

County staff has also taken reasonable precautions in the Board Chambers, such as adding HEPA filtration to ensure filtration of air to remove viral particles.

#### Information

#### **SUBJECT**

Review and file Fiscal Year 2021/22 Fourth Quarter Financial Update

#### RECOMMENDED ACTION

Review and file Fiscal Year 2021/22 Fourth Quarter Financial Update.

#### FISCAL IMPACT

None.

#### REASONS FOR RECOMMENDED ACTION

The intent of the quarterly financial report is to provide the Commission with an update on how LAFCo performed financially in the previous quarter as compared to the adopted budget and to discuss any issues as appropriate. The practice was recommended during a previous audit as an additional safeguard to ensure sound financial management, given the small size of the LAFCo staff. In accordance with LAFCo Administrative Policies and Procedures, the Commission adopts the final budget and is authorized to make adjustments as appropriate.

#### BACKGROUND

Yolo LAFCo closed FY 2021/22 expending 93% of its total budget as shown in the attachments.

#### **REVENUES**

LAFCo received 103% of its revenue budgeted exceeding estimates in a few accounts: proposal fees exceeded the budget by \$13,839; and the sale of an office chair for \$230. These unexpected revenues will offset available fund balance used to balance our budget. LAFCo's overall revenue came from the following sources: agency funding 73%; use of available fund balance 24%; and fees 3%.

#### **EXPENDITURES**

LAFCo's Total Expenditures for the fiscal year ended at 93% of the total budget. Salaries and Benefits ended the fiscal year at 101% of budget, Services and Supplies closed at 89% of budget, and no contingency was used. A few accounts under Services and Supplies significantly exceeded appropriations during this fiscal year. Information Technology Services (501152) exceeded its appropriation by 746.45%, mainly due to the services requested from the County's Geographic Information Systems (GIS) division for significant mapping work needed for the Fire Protection Agencies MSR/SOI. Legal Services (501156) exceeded its appropriation by 212.61% due to extra work required for the fire MSR/SOI and the Davis SOI Amendment for the DiSC 2022 project. Staff also used special counsel at one point for the fire MSR/SOI. Despite significant overages in two accounts, overall Services and Supplies closed at 89% of budget.

#### **Attached Budget Reports**

The Budget Status Summary (Attachment A) is a one-page summary of the budget. The Income Statement Report (Attachment B) shows the amount expended for the quarter, the year to date amount and budget and the percentage of budget used. The General Ledger Report (Attachment C) shows a running balance of all transactions, including both revenue and expenditure amounts.

#### **BOARDROOM** Brief

**AT ITS VIRTUAL** meeting on July 22, the Board received the year-end financial reports from our accountant, considered a revised FY 22-23 budget, and resumed their discussion of the Government Code Section 56133 legislative amendment proposal.

The Fourth Quarter financial report found that the association is sound financially. It also disclosed an FY 21-22 net balance that was slightly larger than had been expected in April. Consequently, a revised FY 22-23 budget was also presented to the Board to capture the higher carryover, as well as to remove an erroneously duplicated stipend calculation from the Executive Director's salary line for the upcoming year. Those adjustments, along with another that the Board made to the payroll tax line, resulted in a revised FY 22-23 budget. The differences from the original version approved in April were increased carryover and contingency lines, and reductions to the ED salary and payroll tax lines. The revised budget can be found on the Board meeting portion of the website.

The last action item considered was the reconsideration of the legislative proposal from San Diego LAFCo regarding Government Code §56133. As many will recall, the topic has been a continuing one having been discussed and tabled at the January and April Board meetings. In April, the Board sent the proposal back to the Legislative Committee to complete additional research. Ultimately, the Board approved adding the endeavor to the list of CALAFCO projects, as well as approving a White Paper to guide the effort.

Reports were also received regarding CALAFCO U and the fall conference - including Elections. It was noted that Achievement Awards have an upcoming **deadline of AUGUST 12TH** - so get those nomination packets in ASAP!

The next Board meeting is scheduled for October 21st during the conference.

All agendas, staff reports, and minutes can be found on the CALAFCO website at www.calafco.org. Any questions should be directed to the Executive Director at rlaroche@calafco.org.

### **SBA 938 Chaptered**

Screen shot of Senator Hertzberg presenting SB 938 on the Senate Floor on June 23, 2022

**AS MOST** of you already know, SB 938 (the Protest Provisions bill) has been successfully concluded. It passed the Senate Floor on June 23rd with a 38-0 vote, and was signed by the Governor on July 1st.

Thank you to the many LAFCOs who rushed to get letters submitted to the Governor after that June 23rd passage.

Given that this is the culmination of an effort that began in 2017, special thanks must again go to the Protest Provisions Working Group members for the YEARS of work on this bill.

The Board of Directors - and all of CALAFCO - extends its sincerest thanks and gratitude to Jo MacKenzie, José Henriquez, Kai Luoma, Steve Lucas, Paul Novak, Holly Whatley and, of course, Pamela Miller (who stayed on to work the bill in a volunteer capacity.)

#### Other Legislative Updates

AB 2957, the CALAFCO sponsored Omnibus bill has also been successfully completed. It was passed by the Senate on June 9th, and signed by the Governor on June 21, 2022. Thank you to all of the Legislative Committee members and EOs who submitted proposed changes for the bill. Special thanks to Joe Serrano who had the unenviable task of logging all of those changes!

A Message from the

### **Executive Director**

It's been a busy few months in the office.

We've held two successful and wellreceived CALAFCO U webinars. Like much of what we do, these could not exist without the volunteerism of our panelists. Thanks to Carolyn Emery (OC), Alison Alpert (BB&K), and Gary Phillips (Bob Murray and Associates) for participating in our June webinar on recruitments and hiring in a post pandemic world. Also, kudos to David Ruderman (Colantuono, Highsmith & Whatley) for organizing our July offering regarding R&T 99, with thanks to panelists José Henriquez (Sacramento), Israel Guevara (OC Auditor-Controller) and Holly Whatley (CHW). I hear time and again how much our members appreciate these offerings!

Our next CALAFCO U is scheduled in September, then they will go on hiatus through the conference and holidays. The target month for our first session in 2023 is February. Thanks to Dawn Mittleman Longoria (Napa) who has been my wing person on these. I could NOT have made it without her!!

Jeni and I are now in full conference mode. Registration opened on July 5th and they have been coming in steadily. If you missed the July 31st Early Bird deadline, the next date to watch is **August 31st** which will be the last day to get the Standard Registration Fee. After that it will be Late Fee only.

Sponsorship packets were sent out and we're seeing some new and returning sponsors already! However, I would ask and encourage you all to send a packet to those in your networks as well.

Our conference planning committee is working hard and the program is taking shape. Many thanks to José Henriquez who is spearheading that effort. Look for more specifics to be announced soon.

Also, a reminder that **ACHIEVEMENT AWARD NOMINATIONS** are due <u>no</u>
later than **August 12th at 5:00 PM** so

#### **IN MEMORIUM**

#### **JERRY GLADBACH, Los Angeles LAFCo Commissioner**

Sad news from Los Angeles LAFCo who lost long-time commissioner, Jerry Gladbach, on July 14th. Commissioner Gladbach was a representative of the Santa Clarita Valley Water Agency and had held a seat on the L.A. LAFCo where he had served as its Chair for 16 years. Commissioner Gladbach also served as a CALAFCO Director from 2005 to 2013, held the position of CALAFCO Board Chair in 2012, received the Most Outstanding Commissioner

Award in 2013, as well as the prestigious and well-deserved Lifetime Achievement Award in 2021.

A resident of the Santa Clarita Valley since 1968, Commissioner Gladbach was a do-er who had also served on boards of the National Water Resources Association and the California Water Agencies Joint Powers Insurance Authority. He was renowned for his knowledge, dedication, kindness, and friendliness and will be missed by all.

CALAFCO sends its deepest condolences to Commissioner Gladbach's family, friends, and co-workers.

Contra Costa LAFCo bid farewell to Commissioner Igor Skaredoff (Contra Costa Resource Conservation District) who served as a Special District member since 2014. During Commissioner Skaredoff's tenure, Contra Costa LAFCo competed numerous Municipal Service Reviews covering fire/emergency medical, reclamation, healthcare, parks & recreation, cemetery, and city services; and acted on over 75 proposals including dozens of boundary changes and reorganizations, and four district dissolutions. Also, during Commissioner Skaredoff's tenure, Contra Costa LAFCO Commissioners were named "Most Effective Commission" at the 2019 annual CALAFCO conference.

CALAFCO is currently tracking a total of 29 bills. Included among those are:

- **AB 897** (Mullin), establishment of a regional climate network. This bill has stalled and is in its second year.
- **AB 1640** (Ward), would authorize the creation of regional climate networks, as well as set up guidelines. Referred to the Senate Appropriations suspense file.
- **AB 1773** (Patterson), return of Williamson Act subvention funding. Held under submission in Assembly Appropriations on May 19<sup>th</sup>.
- **SB 739** (Cortese), was a gut and amend seeking to create ministerial processes for the annexations of unused golf courses to be used for the development of high rise buildings with 600-700 residences. The author's office notes that it will not be pursuing this bill this year.
- **SB 852** (Dodd), is similar to AB 1640 in that it addresses the formation of climate resilience districts, however, this bill focuses on enhanced infrastructure financing to fund public capital facilities including projects that address climate change impacts. Scheduled for third reading in the Assembly on August 8th.
- **SB 1100** (Cortese), which would amend the Brown Act to include provisions and procedures regarding meeting disruptions has passed both houses and is now in Engrossing and Enrolling.
- SB 1490, 1491, and 1492, the annual Validation Acts, have now been chaptered.

The legislative season is now nearing a close with August 12th being the last day for fiscal committees to meet and report bills. After that, the remainder of the month will be Floor sessions only, with August 25th being the last day to amend bills on the floor. August 31st is the deadline for each house to pass bills, and the Final Recess will begin upon adjournment on that date.

It is fitting to note at this time that this important work does not happen in a vaccum. The Legislative Committee is composed of 32 members who have committed to give generously of their time and expertise. CALAFCO could not do what it does without them, so our sincerest thanks to the following:

**Board Appointees** - Bill Connelly, Gay Jones, Mike Kelley, Chris Lopez, Jo MacKenzie, Daron McDaniel, Mike McGill, Margie Mohler, Anita Paque, and Josh Susman.

**Staff Voting Members** - Clark Alsop, Gary Bell, Mark Bramfitt, Scott Browne, Carolyn Emery, René LaRoche, Steve Lucas, Kai Luoma, Jennifer Stephenson, and Gary Thompson.

**Staff Alternates** - Rob Fitzroy, Paula Graf, Joe Serrano, and Paula de Sousa.

**Advisory** - Tara Bravo, Crystal Craig, Brandon Fender, Sara Lytle-Pinhey, Priscilla Mumpower, Erica Sanchez, Jim Simon, and Luis Tapia.

Public Hearings 8.

**LAFCO** 

Meeting Date: 09/22/2022

## Information

### **SUBJECT**

Public Hearing to consider and adopt Resolution 2022-08 approving the El Macero County Service Area (CSA) Sphere of Influence Amendment and Annexation for 27384 Eagle View Court (LAFCo No. 22-01), waiving the protest proceedings, subject to findings and conditions contained in the resolution

## RECOMMENDED ACTION

- 1. Receive staff presentation and open the Public Hearing for public comments on the item.
- 2. Close the Public Hearing and consider the information presented in the staff report and during the public hearing.
- 3. Adopt Resolution 2022-08 (attachment A) approving the El Macero County Service Area (CSA) Sphere of Influence Amendment and Annexation for 27384 Eagle View Court (LAFCo No. 22-01), waiving the protest proceedings

## FISCAL IMPACT

None. LAFCo will be reimbursed for staff time associated with processing this request in accordance with the adopted fee schedule.

## REASONS FOR RECOMMENDED ACTION

Yolo LAFCo approved an extension of water and sewer services to the subject parcel on July 23, 2020 due to health and safety issues with the previous individual system (LAFCo No. 936). During this 2020 item, the property owner agreed to submit an application to annex into the El Macero CSA since the parcel utilizes a driveway access easement off of El Macero streets and benefits from CSA services. The property is not currently within the CSA's sphere of influence, which also needs to be amended in order to provide for annexation.

In October 2003, Lois Mace Chappell and her husband, Grant Chappell, deeded an easement across their own lot in El Macero to the subject property immediately behind it for "utilities, ingress, egress and access over, under, across and through the westerly 15 feet of Lot 396 as shown on the map of El Macero Unit No. 5". Lois Mace Chappell is the daughter of C. Bruce Mace who developed the El Macero County Club and original 175 surrounding lots.

## **BACKGROUND**

The subject parcel is 5.01 acres in size, zoned Agricultural Intensive (A-N), and is developed with a single family home, outbuildings and a small vineyard. The property is located outside of and immediately adjacent to the southeast corner of the existing El Macero CSA boundary but has been accessed via El Macero streets since the access easement was deeded in 2003 as discussed above (see attached map). The El Macero CSA was established on February 16, 1969 in order to provide services to the El Macero unincorporated community. At formation, the CSA was authorized to provide water, wastewater, and storm drainage services that it had assumed from former maintenance districts. In 1971, the Board authorized street sweeping and street lighting services. In 1994, the Board approved the addition of street improvements/maintenance and street right of way landscaping work.

This request for SOI amendment and annexation was initiated by landowner petition and submitted to

LAFCo on February 4, 2022. The landowners are Eric and Kate Stille. The El Macero CSA currently does not have a sphere of influence (SOI), which indicates areas intended for annexation. The Board of Supervisors approved the property tax exchange on April 8, 2022 resolving that no taxes will be exchanged as a result of annexation and will add assessments for services to property tax bills (Attachment B). The subject parcel will not be detached from any other district boundaries.

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (CKH), Government Code Section 56668.3, outlines the following factors to be considered by the Commission for a reorganization that includes the annexation of territory to any district:

- 1. Whether the proposed annexation will be for the interest of present and future landowners and inhabitants within the territory to be annexed;
- 2. Any resolution raising objections (financial or service concerns) that may be filed by an affected agency;
- 3. The adequacy of existing and planned future services to meet the probable future needs of the territory; and
- 4. Any other information which the commission deems appropriate for consideration.

The proposed SOI amendment and annexation is in the public interest, no affected agency objections have been filed to the proposal, the El Macero CSA has capacity (including water and sewer from the City of Davis) to serve the project.

## Public/Agency Notification and Waiver of Protest Proceedings

Staff met with the El Macero CSA Citizens Advisory Committee (CAC) on May 12, 2022 and two issues were raised regarding this proposal as discussed below. Both issues relate to the parcel's access to El Macero streets, which is sensitive because CSA residents assess themselves for a higher level of street maintenance than the County baseline. A letter related to these issues from Richard Lauckhart dated May 13, 2022 is included in the attached correspondence (Attachment B). Summary of issues:

- 1. The subject property has been utilizing CSA roads since 2003, benefiting from street improvements without paying any assessments. To resolve this issue, the landowners have agreed to pay CSA street fees retroactive to when they purchased the property approximately six years ago. This has been added as a condition of approval.
- 2. When the contractor was doing the construction to connect to water and sewer utilities in Eagle View Court, the street surface needed to be cut into. Residents began complaining before the permit was finaled/completed. The CSA Manager directed public works staff to add a condition to the permit to ensure the contractor brought the road up to standard. However, due to resident complaints about the inconsistent surfacing, impatience with the County's process in place to resolve it, and that the CSA was actively resurfacing streets elsewhere at the time which would ensure a consistent look to the street surface, the CSA paid the additional cost to resurface it for approximately \$5,000. Frustration from two residents came up at the May CAC meeting that the contractor should have borne this cost and not the CSA. However, this issue is not directly related to the SOI amendment and annexation, and ultimately the CAC voted 4-1 support the proposal.

LAFCo provided notice of the public hearing to the landowners and registered voters within 300' of the subject parcel. A notice was also published on August 31, 2022 in the Davis Enterprise. No other objections have been received from any affected or interested agency, landowners or the general public (other than what's discussed above). Pursuant to the CKH, Sections 56662 and 57002, the Commission may waive protest proceedings entirely because 100% of the landowners within the affected territory have consented to the proposal.

## **CEQA**

Staff has reviewed the project and recommends that the project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Guidelines Section 15061(b)(3) of the CEQA Guidelines, "[w]here it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA." The project is exempt also per Section 15320 consisting of changes in the organization of local governmental

agencies where the changes do not change the geographical area in which previously existing powers are exercised. Extended water and sewer services were authorized to this parcel that was already fully developed in 2020. This change of organization to the El Macero CSA does not involve any additional development or construction and merely adjusts district boundaries to the existing condition.

## **RESOLUTION № 2022-08**

# Approving the El Macero County Service Area Sphere of Influence Amendment and Annexation for 27384 Eagle View Court and Waiving Conducting Authority Proceedings (LAFCo № 22-01)

**WHEREAS**, on February 4, 2022, Eric and Kate Stille submitted an application to the Yolo Local Agency Formation Commission (LAFCo) for a sphere of influence amendment and annexation for their 5.007-acre property, APN 033-011-024 ("subject territory") into the El Macero County Service Area (El Macero CSA); and

**WHEREAS**, the project is subject to a negotiated exchange per Revenue and Taxation Code Section 99(b)(3) which was approved by the Yolo County Board of Supervisors for zero exchange on April 8, 2022; and

**WHEREAS**, the project was routed to all subject, affected, and interested agencies and public notices were mailed to all landowners and registered voters within 300 feet and published in the Davis Enterprise on August 30, 2022; and

WHEREAS, the project was analyzed in accordance with all applicable sections of the Cortese-Knox-Hertzberg Act, LAFCo Standards of Evaluation and Agricultural Policy, and all other matters presented as prescribed by law; and

**WHEREAS**, the Executive Officer reviewed the proposal and prepared and filed a report with recommendations with this Commission at least five (5) days prior to the date of the September 22, 2022, meeting during which the project was set to be considered; and

**WHEREAS**, an opportunity was given to all interested persons, organizations, and agencies to present oral or written testimony, protests, objections, and any other information concerning the proposal and all related matters; and

**WHEREAS,** at said meeting, the Commission reviewed and considered the CEQA documentation and the Executive Officer's Report including all the information, recommendations, findings, and conditions contained therein; and

**NOW, THEREFORE, BE IT RESOLVED** that the Yolo Local Agency Formation Commission approves the El Macero County Service Area Sphere of Influence Amendment and Annexation for 27384 Eagle View Court, APN 033-011-024 (LAFCo № 22-01) as illustrated in Exhibit A and hereby waives conducting authority proceedings pursuant to Government Code Section 56662 subject to the following findings and conditions of approval:

## **Findings**

## **CEQA Findings**

1. <u>Finding</u>: The El Macero CSA Sphere of Influence Amendment and Annexation for 27384 Eagle View Court (LAFCO № 22-01) is exempt from review under the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15061(b)(3) (common sense exemption) and 15320 (changes in the organization of local agencies that do not change the geographical area in which previously existing powers are exercised).

<u>Evidence</u>: Staff has reviewed the project and recommends that the project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Guidelines Section

15061(b)(3) of the CEQA Guidelines, "[w]here it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA." The El Macero CSA's extension of water and sewer services were authorized to this parcel that was already fully developed in 2020. This change of organization to formally annex the property into the El Macero CSA does not involve any additional development or construction and merely adjusts CSA boundaries to reflect the existing condition of municipal services. Therefore, the proposed project qualifies for the exemption under CEQA Guidelines Sections 15320 and 15061(b)(3).

## Project Findings (in accordance with Section Government Code Section 56668.3)

2. <u>Finding:</u> The annexation will be for the interest of present and future landowners and inhabitants within the territory to be annexed.

<u>Evidence</u>: This annexation and sphere of influence amendment will be in the interest of present and future landowners because it ensures continued municipal services already authorized from the El Macero CSA and allows the CSA to add assessments to the landowner's property tax bill to pay for these services.

3. <u>Finding:</u> No resolutions raising objections have been filed by an affected agency regarding the proposed project.

<u>Evidence</u>: The project proposal was routed to all subject, affected, and interested agencies and public notices were mailed to all landowners and registered voters within 300 feet and published in the Davis Enterprise on August 30, 2022. LAFCo has not received any objections filed by an affected or interested agency regarding the proposed project.

4. <u>Finding:</u> The El Macero CSA has adequate services to meet the existing and probable future needs of the territory.

<u>Evidence:</u> The proposed annexation to the El Macero CSA consists of one 5.007-acre parcel that is already developed with a single-family home, associated outbuildings and a vineyard. The parcel has already connected to sewer and water mains in Eagle View Court and the City of Davis is already providing services via the El Macero CSA owned infrastructure. Annexing the parcel will not significantly impact the CSA's current provision of street improvements, storm drainage, street sweeping, street lighting, and landscaping services.

## Findings to Waive Proceedings (In accordance with Cortese-Knox-Hertzberg Act Section 56663)

5. <u>Finding:</u> The proposal of application for an annexation is accompanied by proof, satisfactory to the Commission, that all the owners of land within the affected territory have given their written consent to that reorganization.

<u>Evidence</u>: The application (LAFCo No 22-01) was signed by Eric and Kate Stille as the landowners of the one parcel that comprises 100% of the affected territory. Mailed notice was provided to the registered voters and landowners, who are also the proposal applicants. Written opposition to the proposal from landowners or registered voters within the affected territory was not received before the conclusion of commission proceedings on this proposal.

## **Conditions of Approval**

1. The applicant and the real party of interest, if different, agree to defend, indemnify, hold harmless and release the Yolo Local Agency Formation Commission, its agents, officers,

attorney and employees from any claim, action or proceeding brought against any of them, the purpose of which to attack, set aside, void, or annul the approval of this application or adoption of the environmental review which accompanies it. This indemnification obligation shall include, but not be limited to, damages, costs, expenses, attorney fees, or expert witness fees that may be asserted by any person or entity, including the applicant, arising out of or in connection with the approval of this application, whether or not there is concurrent passive negligence of the part of the Yolo Local Agency Formation Commission its agents, officers, attorney or employees.

- 2. The project will be subject to all appropriate LAFCo, State Board of Equalization, and County Clerk-Recorder fees prior to recording the Certificate of Completion for the El Macero CSA SOI Amendment and Annexation for 27384 Eagle View Court, APN 033-011-024 (LAFCo № 22-01).
- 3. Prior to recording the Certificate of Completion, the applicants agree to pay the El Macero CSA street assessment (\$180 per year) from the date they purchased the subject property up until the July 1 of whichever year when the new tax rate area is created for the subject parcel. Adopted CSA assessments will be added to the property tax bills regularly thereafter.
- 4. The effective date of the approval of this annexation is five (5) days after the date the Certificate of Completion is recorded by the County Recorder.

**PASSED AND ADOPTED** by the Yolo Local Agency Formation Commission, State of California, this 22nd day of September 2022, by the following vote.

**Subject:** Lauckhart Comment on the matter of the Stille Property Annexation into El Macero CSA...

Ms. Crawford-

LAFCO will be dealing with the "Stille Property Annexation into El Macero CSA" matter at your June 30, 2022 meeting.

These are my comments on that matter.

- 1) I have become aware that when Stille bought that property several years ago (which property is not in the EMHA or EMCSA footprint), the property had its own septic take and drain field.
- 2) I have become aware that that system has failed and rather than repair it, Stille wanted to hook up to the City of Davis sewer system that serves El Macero.
- 3) I have become aware that somehow Still was given permission to do that. Not sure when or how that happened.
- 4) As a result, Stille retained a contractor to hook them up to the City of Davis sewer system that serves El Macero. That required the Stille contractor to get a permit from Yolo County.
- 5) I have become aware that Yolo County issued a permit to the Stille Contractor to do that work under the condition that the street be returned to the condition it was before they started the work.
- 6) I have become aware that the contractor did not in fact return the street to the original condition as required, but the County signed off on their work despite that problem.
- 7) I have become aware that folks in El Macero were not happy with how the street was left. They were not happy that the County let the Stille contractor off the hook.
- 8) I have become aware that to fix the street, the County decided to use El Macero CSA Street Funds reserve to fix the problem.

El Macero street funds should not have been used to fix the problem. The County failed to require the Stille Contractor to fix the streets. Therefore, either the County needs (a) to go back and require the Stille Contractor or, (b) require Stille; to pay for that fix. If the County does not do that, then Yolo County needs to pay for the fix itself by reimbursing the EMCSA Street Fund for the money they took from it.

Any Annexation approved by LAFCO needs to be conditioned. It was suggested at the last EMCSA Advisory Committee that if LAFCO agrees to let the Still property to be annexed into the EMCSA that the approval needs to be conditioned to require Stille not only to pay EMCSA Street Assessments from the time they

purchased their home, but that Stille also pay for the repairs that had to be made to the street because of the failure of their contractor to honor the terms of its permit with Yolo County.

I agree with the proposal that was made to the EMCSA Advisory Committee even though the Advisory Committee voted 4 to 1 to not suggest that LAFCO put that condition on the annexation.

El Macero County Service Area 292 West Beamer Street Woodland, CA 95695

RE: El Macero CSA Sphere of Influence Amendment and Annexation (LAFCo 22-01)

Dear El Macero County Service Area Manager,

The El Macero County Service Area has applied to the Yolo County Local Agency Formation Commission (LAFCo) to annex 1 parcel totaling approximately 5.01 acres to provide El Macero County Service Area services. If granted, the current territory of the El Macero County Service Area will be subject to a jurisdictional change. This letter provides notice of the determination that there will be no property tax exchange as a result of the proposed reorganization.

Revenue and Taxation Code section 99 requires the Yolo County Board of Supervisors to negotiate on behalf of any special district affected by such an organizational change an exchange of property tax revenues, *if any*. Here, because the Yolo County Auditor's Office has determined that the affected district does not receive any property tax revenue, there is no property tax revenue that is subject to a negotiated exchange and therefore a negotiation is inapplicable. No property tax revenue or apportionment is affected by the proposed reorganization and no property tax revenue or apportionment shall be transferred to the El Macero County Service Area should the application be approved by LAFCo.

Please do not hesitate to contact the Alexander Tengolics in the County Administrator's Office at (530) 666-8068 with any questions.

Sincerely,

Chad Rinde

SUBJECT: LAFCo 22-01 – El Macero CSA Sphere of Influence Amendment and

Annexation

The LAFCo project referenced above will annex 5.01 acres into the El Macero County Service Area.

Per LAFCo, this proposal is subject to Section 99 of the Revenue and Taxation code. Pursuant to Revenue and Taxation Code §99 and related subsections, the County Assessor's Office provided this office with a list of tax rate areas of those properties located within the boundaries of the proposed LAFCo project. Utilizing the Assessor's information, the agencies included in the tax rate areas are shown on the enclosure.

Pursuant to §99(b)(1)(B)(3), the Auditor shall notify the government body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated to §99(b)(2) that is subject to a negotiated exchange. However, El Macero County Service Area is not requesting any property tax revenue from this annexation, no tax revenue impact is expected and therefore no property tax revenue is subject to a negotiated exchange.

Except as otherwise provided by law, pursuant to §99(b)(1)(B)(4), upon receipt of the enclosed estimates, the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between the local agencies. This negotiation period shall not exceed 60 days. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Note this proposal does not expect to be subject to a negotiated exchange.

After review, no property tax loss or exchange between agencies will be necessary for the subject property. The annexation is not compatible with existing tax rate areas which includes El Macero County Service Area boundary. One new tax rate area will be necessary for the proposed annexation.

Please do not hesitate to contact Alexander Tengolics, Legislative & Government Affairs Specialist at (530) 666-8068 prior to the anticipated Board meeting with any concerns or questions about this determination.

Respectfully,

Sheryl Hardy-Salgado, Deputy Department of Financial Services

**LAFCO** 

Meeting Date: 09/22/2022

## Information

## **SUBJECT**

Consider the Municipal Service Review (MSR)/Sphere of Influence (SOI) Initial Study for the City of Winters (LAFCo No. 22-04) and determine a comprehensive MSR/SOI Update is not needed for this five-year review cycle per Government Code §56425(g)

## RECOMMENDED ACTION

On the basis of the initial evaluation contained in the attached Municipal Service Review (MSR)/Sphere of Influence (SOI) Initial Study for the City of Winters (LAFCo No. 22-04), staff recommends LAFCo determine the following:

- 1. The required MSR determinations would likely not be significant;
- 2. An SOI Update is not warranted or requested by the City; and
- 3. Therefore, an MSR/SOI Update is not needed and the City will be reviewed again in five years per Government Code Section 56425(g).

## FISCAL IMPACT

None.

## REASONS FOR RECOMMENDED ACTION

A comprehensive MSR/SOI Update was last adopted for the City of Winters on July 30, 2008. LAFCo also considered an MSR/SOI Update for the City in 2016 and determined it was not needed. Consideration for review is due again, as required every five-years. Per the Cortese- Knox-Hertzberg (CKH) Act §56430, MSRs are only required when LAFCo intends to update an agency's SOI. Although for our special districts, Yolo LAFCo has frequently opted to perform MSRs notwithstanding an SOI Update in order to review and provide oversight of our smaller agencies that tend to be more rural and volunteer in nature. In the case of a city, where there is inherently much more scrutiny, accountability, and transparency (including comprehensive annual audits), staff evaluates whether LAFCo's report would provide valuable information on a case by case basis. Yolo LAFCo has memorialized this approach in local policy (Project Policies 6.2 Criteria Municipal Service Review), "Although MSRs are technically required only when updating agency SOIs, per Government Code §56430, Yolo LAFCo will typically conduct MSRs on local special districts even if an SOI Update is not needed because, unlike cities, Yolo County's special districts tend to be rural in nature and staffed by limited professional staff or entirely volunteer-run, meaning there is less oversight to ensure operational adequacy and fiscal sustainability."

Staff met with the Winters City Manager, Kathleen Trepa, on July 20, 2022 where she indicated the City is not seeking a change to its SOI at this time. Winters' Measure A was approved by the voters on Nov 3, 2020 establishing an Urban Growth Boundary to limit development and prescribe a planning process for areas outside of city limits. This process generally requires the planning process to include a master plan paid for by the City (normally paid for by developers) and would need to be approved by the voters. Due to the City's lack of ability to fund and staff such a process, LAFCo staff does not anticipate significant development outside city boundaries in the next 5-10 years.

Staff has utilized the MSR checklist template as an initial study screening tool to evaluate whether the

MSR determinations would be significant (see attached). Staff recommends that based on the initial study checklist prepared that an MSR/SOI Update for the City of Winters is not needed this cycle and LAFCo will consider it again in five years (fiscal year 2027/28). LAFCo has tended to make this determination for cities when an SOI Update is not needed or desired.

### **AGENCY PROFILE**

The City of Winters incorporated in 1898 and is located in the southwestern corner of Yolo County, immediately north of the Solano County line and just east of the Vaca Mountain Range. The City of Winters is a general law city and employs the Council/Manager form of government. The City of Winters provides a full range of services, including police and fire protection; the construction and maintenance of streets and other infrastructure; water and sewer services; recreational activities and cultural events. The City of Winters was also responsible for the legally separate Winters Community Development Agency which was dissolved by the State of California on January 31, 2012.

## **MUNICIPAL SERVICE REVIEW**

## POTENTIALLY SIGNIFICANT MSR DETERMINATIONS

The MSR determinations checked below are potentially significant, as indicated by answers to the key policy questions in the checklist and corresponding discussion on the following pages. If most or all of the determinations are not significant, as indicated by "no" answers, the Commission may find that a MSR update is not warranted.

Growth and Population	Shared Service
Disadvantaged Unincorporated Communities	Accountability

## YOLO LAFCO MUNICIPAL SERVICE REVIEW/SPHERE OF INFLUENCE STUDY Capacity, Adequacy & Infrastructure to Provide **Broadband Access** Services **Financial Ability** Status of Previous MSR Recommendations LAFCO MUNICIPAL SERVICE REVIEW: $\boxtimes$ On the basis of this initial evaluation, the required determinations are not significant, and staff recommends that an MSR is NOT NECESSARY. The subject agency will be reviewed again in five years per Government Code Section 56425(g). The subject agency has potentially significant determinations and staff recommends that a comprehensive MSR IS NECESSARY and has been conducted via this checklist. 1. Growth and Population Significant **Potentially** Growth and population projections for the affected area. Issue Significant No Issue a) Will development and/or population projections over the next 5-10 $\boxtimes$ years impact the subject agency's service needs and demands? b) Do changes in service demand suggest a change in the agency's $\boxtimes$ services?

### Discussion:

Winters Measure A was approved by the voters on Nov 3, 2020 establishing an Urban Growth Boundary to limit development and prescribe a planning process for areas outside of City limits. This process generally requires the planning process to include a master plan paid for by the City (not developers) and would need to be approved by the voters. Due to the City's lack of ability to fund and staff such a process, LAFCo staff does not anticipate significant development outside city boundaries in the next 5-10 years.

According to the May 2022 Department of Finance projections, the City of Winters experienced a 0.3% population increase from Jan 1, 2021 to Jan 1, 2022.

### Discussion:

The City provides police, fire, parks and recreation, water, wastewater, stormwater, solid waste/recycling, and streetlight services. The City of Winters has focused on the implementation of critical infrastructures as part of overall Capital Improvement planning. Examples of infrastructure projects under construction or completed during 2020-2021 include:

- Completion of Phase I of the Wastewater Influent Screen Project.
- Development of Phase II of the Wastewater Influent Screen Project, for which a contract has been issued and project completed by the end of June 2022.
- Acceptance of the West Main Street Sewer Lift Station built by the developer of the Stone's Throw subdivision.
- Installation of a backup generator at City Hall.
- Installation of Outdoor dining and traffic control improvements as a response to restrictions to the Covid-19 pandemic and its impact on the businesses throughout the City.
- Construction of the Extension of the Putah Creek Nature Park is underway.
- Improvements and renovations to Valley Oak Park.
- Improvements and renovations to Blue Oak Park.

The Capital Improvement Plan will be updated and will coordinate with the master plans for both Water and Sewer Enterprise Functions. The Development Impact fee program was reviewed in 2020-2021 fiscal year and fees were adjusted effective July 1, 2021.

4	. Financial Ability			
Fin	ancial ability of agencies to provide services.			
		Significant Issue	Potentially Significant	No Issue
a)	Is the subject agency in a stable financial position, i.e. does the 5-year trend analysis indicate any issues?			
b)	Is there an issue with the organization's revenue sources being reliable? For example, is a large percentage of revenue coming from grants or one-time/short-term sources?			
c)	Is the organization's revenue sufficient to fund an adequate level of service, necessary infrastructure maintenance, replacement and/or any needed expansion? Is the fee inconsistent with the schedules of similar local agencies			$\boxtimes$
d)	Does the subject agency have a capital improvement plan (CIP)? Has the agency identified and quantified what the possible significant risks and costs of infrastructure or equipment failure? Does the agency have a reserve policy to fund it?			$\boxtimes$
e)	Does the agency have any debt, and if so, is the organization's debt at an unmanageable level? Does the agency need a clear debt management policy, if applicable?			

f)	Can the subject agency improve its use of generally accepted accounting principles including: summaries of all fund balances, summaries of revenues and expenditures, general status of reserves, and any unfunded obligations (i.e. pension/retiree benefits)? Does the agency have accounting and/or financial policies that guide the agency in how financial transactions are recorded and presented?		
g)	Does the agency staff need to review financial data on a regular basis and are discrepancies identified, investigated and corrective action taken in a timely manner? The review may include reconciliations of various accounts, comparing budgets-to-actual, analyzing budget variances, comparing revenue and expense balances to the prior year, etc. If the agency uses Yolo County's financial system and the County Treasury, does the agency review monthly the transactions in the County system to transactions the agency submitted to the County for processing?		
h)	Does the agency board need to receive regular financial reports (quarterly or mid-year at a minimum) that provide a clear and complete picture of the agency's assets and liabilities, fully disclosing both positive and negative financial information to the public and financial institutions?		$\boxtimes$

## **Discussion:**

The City performs sound financial management practices, adopting an annual budget, spending within its budget, and performing independent audits. The City's reserve and debt is at management levels.

The City of Winters prepares Annual Comprehensive Financial Report (ACFR) audits on an annual basis, which are posted on their website. The audits are available through 2014. The City's audits have consistently been awarded a Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officer Association (GFOA) for the last twelve years in a row. To be awarded a Certificate of Achievement, the City of Winters published an easily readable and efficiently organized ACFR. This report satisfies both the GAAP and applicable legal requirements.

The City has developed a long-range financial plan. The goals of developing this long-range plan include the following:

- 1. Understanding of all the revenue sources used to implement projects and services throughout the community and the impacts of growth on services.
- 2. Identifying recurring vs. nonrecurring revenues.
- 3. Reviewing all services provided by the City and the corresponding costs of those services.
- 4. Provide service levels consistent with the General Plan.
- 5. Establish a Service reserve fund from nonrecurring (one-time) revenues.
- 6. Establish a long-term financial strategy and plan.
- 7. Establish a "living" document that can be updated as identified variables change that will affect the plan.

5	. Shared Services and Facilities			
Sta	tus of, and opportunities for, shared facilities.			
		Significant Issue	Potentially Significant	No Issue
a)	Are there any opportunities for the organization to share services or facilities with neighboring, overlapping, or other organizations that are not currently being utilized?			$\boxtimes$

## **Discussion:**

The City is currently partnering with LAFCo, the other cities and County on shared services. It is already providing services to the Winters Fire Protection District and shared a Fire Chief with the City of Dixon until 2018. The City also participates in a number of regional programs addressing shared resources, services and facilities.

The City is also party to a number of local joint powers authorities (JPAs) including:

- SACOG
- Winters Branch Library Financing Authority
- Winters Public Finance Authority
- Yolo Animal Services Planning Agency
- Yolo County Public Agency Risk Management Insurance Authority
- Yolo Emergency Communications Agency
- Yolo Habitat Conservancy
- Yolo Subbasin Groundwater Agency

6	. Accountability, Structure, and Efficiencies			
Acc	countability for community service needs, including governmental structure	and operation	al efficiencies.	
		Significant Issue	Potentially Significant	No Issue
a)	Are there any recommended changes to the organization's governmental structure or operations that will increase accountability and efficiency (i.e. overlapping boundaries that confuse the public, service inefficiencies, and/or higher costs/rates)?			$\boxtimes$
b)	Does the agency need to secure independent audits of financial reports that meet California State Controller requirements? Are the same auditors used for more than six years? Are audit results <u>not</u> reviewed in an open meeting?			$\boxtimes$
c)	Is the agency insured or in a risk management pool to manage potential liabilities?			$\boxtimes$
d)	Are there any issues with filling board vacancies and maintaining board members? Is there a lack of board member training regarding the organization's program requirements and financial management?			$\boxtimes$
e)	Are there any issues with staff capacity and/or turnover? Is there a lack of staff member training regarding the organization's program requirements and financial management?			$\boxtimes$

# YOLO LAFCO MUNICIPAL SERVICE REVIEW/SPHERE OF INFLUENCE STUDY

f)	Are any agency officials and designated staff current in making their Statement of Economic Interests (Form 700) disclosures?		$\boxtimes$
g)	Does the agency have adequate policies (as applicable) relating to personnel/payroll, general and administrative, board member and meetings, and segregating financial and accounting duties among staff and/or board to minimize risk of error or misconduct (see suggested policies list)?		$\boxtimes$
h)	Does the organization need to improve its public transparency via a website (see <a href="https://www.yololafco.org/yolo-local-government-website-transparency-scorecards">https://www.yololafco.org/yolo-local-government-website-transparency-scorecards</a> )?		$\boxtimes$

### Discussion:

City meetings are accessible and well publicized in accordance with the Brown Act. There do not appear to be any issues with filling city council vacancies and maintaining members. The City staff have been in a state of transition for a couple years as several veteran staff retired and the previous longtime City Manager left. The City has a number of new staff, but the current City Manager indicates they are not turning over at a high rate and stay in their positions longer than seen with other cities in the area.

The City prepares annual audits which are posted on the City's website. LAFCo staff is not aware of any recommended changes to the City's governance to increase accountability and efficiencies. The City of Winters received a 95% on the Yolo Local Government 2021 Website Transparency Scorecard

		Significant Issue	Potentially Significant	No Issue
a)	Is there a lack of high-performance broadband (25/3 Mbps) available in the community?			$\boxtimes$
b)	Is there a lack of low-income subscription rates and/or digital literacy programs available?			$\boxtimes$

## Discussion:

The CPUC California Broadband Availability Map indicates the City of Winters has broadband access. Both WAVE and AT&T provide speeds up to 1gig. Both providers offer low-income subscription rates and digital literacy assistance is available at the local library.

### Information

#### **SUBJECT**

Consider adopting amendments to the Yolo LAFCo Administrative Policies and Procedures Section 3.0 Election, Powers and Duties of Members

#### RECOMMENDED ACTION

Consider and adopt recommended amendments to the Yolo LAFCo Administrative Policies and Procedures.

#### FISCAL IMPACT

No fiscal impacts.

#### REASONS FOR RECOMMENDED ACTION

By default to state law, Yolo LAFCo's terms have expired in May. On several occasions, past Commissioner Tom Stallard has indicated this timing is awkward because his council members are seated and member appointments occur to various bodies including LAFCo in January. The Board of Supervisors and most cities also approve member appointments in January. With the City of Winters recently changing its election of city council members from June to November, now all four cities conduct elections in November. Therefore, staff decided it was timely to reach out to the city managers for input on a change to better synchronize terms and all indicated support (while County and Public Member appointments are also affected, those members do not turn over as frequently as the cities do with the cities' agreed upon rotation schedule). Therefore, staff recommends Yolo LAFCo adopt a new policy stating terms expire/begin on February 1. In addition, staff is recommending other clean up items to this section of LAFCo's Administrative Policies and Procedures last updated in May 2019.

The term expiration date change would effect existing terms by shortening them three months as follows:

Commissioner	Current Term Expiration	New Term Expiration
Olin Woods, Chair	May 2023	Feb 2023
Norma Alcala, Vice Chair	May 2024	Feb 2024
Wade Cowan	May 2026	Feb 2026
Gary Sandy	May 2023	Feb 2023
Don Saylor	May 2026	Feb 2026
Angel Barajas (Alternate)	May 2024	Feb 2024
Richard DeLiberty (Alternate)	May 2025	Feb 2025
Gloria Partida (Alternate)	May 2024	Feb 2024

#### **BACKGROUND**

The draft amendments to the Administrative Policies and Procedures are detailed in the attached document. Where staff has made additions or deletions to the previously adopted text, it has been illustrated as <u>added text</u> and <del>deleted text</del> for clarity. The Commission may direct staff to revise the draft language if desired. The changes recommended are summarized below:

- 1. Add new section 3.1 Expiration Date of Commissioner Terms changing the existing default term in state law from May to February 1;
- 2. Amend 3.2 Election of Chair and Vice Chair to coincide with new terms;
- 3. Amend 3.6 Appointment of the Regular Public Member and Alternate and 3.8 Procedures for same to add that the Commission may solicit interest in the Public Member positions by majority vote and not merely when a vacancy occurs; and
- 4. Amend 3.11 CALAFCO Voting Member to add that if no Regular Member attends the Annual Conference to vote, that the Executive Officer will be the voting member.

# 3.0 ELECTION, POWERS AND DUTIES OF MEMBERS

# 3.1 EXPIRATION DATE OF COMMISSIONER TERMS

Pursuant to Government Code section 56334, the term of office of each member shall be four years and until the appointment and qualification of his or her successor. The expiration date of the term of office of each member shall be February 1 in the year in which the term of the member expires.

Pursuant to Government Code sections 56331 and 56335, if a vacancy occurs before the expiration of a term, the alternate shall serve in that position until the relevant appointing body fills the vacancy for the unexpired term. If the unexpired term being filled is less than one year, the appointing body may concurrently make the appointment for the following four-year term.

# 3.21 ELECTION OF CHAIR AND VICE CHAIR

At the regular meeting of the Commission held in April-February each year (or the following regular meeting if the February meeting is cancelled), the members of the Commission shall elect, or re-elect, a Chair and Vice Chair to each serve a one-year term, commencing at the next meeting of the Commission, but in no event shall the term expire until his or her successor has been elected. Any vacancy in such office shall be filled by the Commission for the unexpired portion of the term of such office.

### 3.32 CHAIR CONDUCT

The Chair, when present, shall preside at all meetings of the Commission and shall conduct the business of the Commission in the manner prescribed by these rules. The Chair shall preserve order and decorum at all meetings, set time limits for speakers, and shall decide all questions of order and procedure, subject to the action of the majority of the Commission.

# 3.43 VICE CHAIR CONDUCT

In the absence of the Chair, or if for any reason the Chair is unable to act as Chair, the Vice Chair shall act as Chair and shall have all of the powers and duties of the Chair.

### 3.54 CHAIR PRO TEM

In the absence of the Chair of Vice Chair or if the Chair or Vice Chair is unable to participate in the proceedings, the members of the Commission present shall, by an order entered in the Minutes, select one of their members to act as Chair Pro Tem with all of the powers and duties of the Chair.

# 3.65 APPOINTMENT OF THE REGULAR PUBLIC MEMBER AND ALTERNATE

Whenever a vacancy occurs, or may occur, in the positions of regular public member or alternate public member, as a result of resignation, death, termination or expiration of term of office, or any other cause provided by lawor at any other time directed by a majority vote of the Commission, it shall be the policy of the Local Agency Formation Commission to advertise that a vacancy exists or may exist in either or both of these positions and solicit all interested persons to apply for consideration as appointee(s). Final appointment to the vacant position(s) or replacement of the current public member or alternate public member shall not be made for at least 40 days after an announcement of vacancy(ies) or potential vacancy occur(s). The Yolo LAFCo may reappoint the incumbent at its pleasure.

## 3.76 CRITERIA FOR THE REGULAR PUBLIC MEMBER AND ALTERNATE

The applicants and successful candidate(s) shall meet the criteria set forth in the applicable provisions of the Government Code. No person appointed as a public member or alternate public member shall be an officer or employee of the county or any city or district with territory in the county (Government Code Section 56331). Both the regular and alternate public member of the Yolo LAFCo shall be a registered voter in Yolo County.

# 3.87 PROCEDURES FOR APPOINTMENT OF THE REGULAR PUBLIC MEMBER AND ALTERNATE

Whenever a vacancy occurs, or may occur, in either or both the positions of regular public member or alternate public member, as a result of resignation, death, termination or expiration of term of office, or any other cause provided by law, or at any other time as directed by majority vote of the Commission, the Chair shall direct the Executive Officer to prepare and post a special vacancy notice advertising that such a vacancy(ies) currently exist(s) or may exist and solicit interested persons to submit their résumés for consideration to the Executive Officer within 30 days after the announcement of the vacancy occurs. The special vacancy notice shall be posted at the following locations:

- 1. At the LAFCo staff office, and
- 2. On the bulletin board outside the Board of Supervisors' hearing room, and

<sup>&</sup>lt;sup>1</sup> In any Calendar year in which the term of office of the regular public member or alternate member is to expire, the Executive Officer will inform the commission at the first regular meeting in March-January that such expiration is effective the first Monday in Mayon February 1, unless no successor is appointed by then, in which case the term continues until such appointment occurs. The Commission may re-appoint the public member or alternate public member to another four-year term, or decide to advertise this fact in advance and encourage persons to submit their résumés for consideration prior to the expiration of the respective term. In such event, notice and selection will be in the manner specified in these procedures.

- 3. On the bulletin board outside the County Administration Building, and
- 4. Any other place as directed by the Commission.

The Executive Officer shall mail a copy of the special vacancy notice to all city clerks; to all independent special districts; and to the clerk of the Board of Supervisors.

The Executive Officer shall have an announcement prepared and released to the press to the effect that a vacancy exists or may exist in either or both position(s) of regular public member or the alternate public member and all interested persons are encouraged to apply by submitting their résumés to the Commission's Executive Officer within 30 days after the announcement occurs.

30 days after the announcement occur(s), no further applications for the vacant position(s), shall be accepted by the Executive Officer, who then shall place on the agenda at the Commission's next regular scheduled meeting for discussion the consideration of these same applications for appointment to the vacant position(s).

The Commission may select a personnel committee from their its membership for the purposes of reviewing all applications and nominating the best-qualified candidates for the Commission's consideration. If a personnel committee is used, then the personnel committee may recommend to the commission the name or names of applicants for nomination(s) to the vacant position(s) at the next regularly scheduled meeting. However, any eligible commissioner may nominate a candidate from the applications submitted. If a personnel committee is not used, then any eligible commissioner may nominate a candidate from the applications submitted to the vacant position(s).

Upon receipt of the names of the nominees for consideration to the vacant position(s), the Chair (or Vice-Chair in the event the Chair is a candidate) shall declare the nominations closed and shall direct the Commission Clerk to call a vote of members eligible first for one candidate, then the other. The nominee(s) receiving a majority shall be appointed to the vacant position(s) for the un-expired term of the regular public member or alternate public member, except when the vacancy is the result of expiration of term of office, then the appointment shall be for four\_-years and until the appointment and qualification of his/her successor. The expiration date of the term of office of each member shall be the first Monday in May in the year in which his /her term is to expire.

In the event no candidate from the applicants submitted receives a majority, the Commission shall direct the Executive Officer to re-advertise that a vacancy(ies) exist(s) in the manner set forth in these procedures.

Final appointment to fill any vacancy in either the position of regular public member or alternate public member shall not be made by the Commission for at least 40 days after the announcement occurs.

Any other provision of this Policy notwithstanding, the Commission may, by a majority vote of its then-existing membership, waive any provision of this Policy as it deems necessary or appropriate in its sole discretion.

# 3.98 ETHICS TRAINING

The California Government Code (GC) requires that all legislative body or local agency officials who receive compensation, salary, stipends of reimbursement for expenses, receive ethics training as specified in GC sections 53234-53235.2. LAFCo is not one of the legislative bodies or local agencies covered by these statutes, so service on LAFCo alone does not trigger the statutory requirement for ethics training. Commissioners who are county supervisors or city council members are required to receive this training in their respective roles as county/city officials and should file a copy of their certificate of training with the LAFCo Clerk. LAFCo Public Members are required by this policy to receive ethics training. LAFCo staff will advise the Public Members of opportunities to receive this training. Commissioners who receive this training shall file their certificate of training with the LAFCo Clerk.

# 3.109 LEGISLATIVE AD HOC SUBCOMMITTEE

For situations when proposed legislation affecting LAFCo cannot be considered by the full Commission, Yolo LAFCo may appoint a legislative ad hoc subcommittee (Committee). If established, the Committee shall be comprised of two regular members including not more than one member from each category (i.e. city, county, or public member). The Committee shall review and approve legislation position letters prior to being submitted to the legislature. One of the Committee members shall be authorized to sign the position letter.

Copies of legislative position letters shall be included on the next regular LAFCo meeting agenda as either informational or for discussion purposes.

# 3.1<sub>10</sub> CALAFCO VOTING MEMBER

The most senior tenured regular commissioner at the CALAFCO conference will be the voting member at the appropriate session. If there are two of the regular commissioners present with the same tenure and both are most senior, the choice of who will be the voting member will be determined by who wins the toss of a coin. If no regular commissioner attends the CALAFCO conference, the Executive Officer will be the voting member.

#### Summary:

Current law creates the Limited Examination and Appointment Program (LEAP), which the Department of Human Resources administers, to provide an alternative to the traditional civil service examination and appointment process to facilitate the hiring of persons with disabilities. Current law requires the Department of Human Resources, when an appointing power seeks to fill a vacant position by using an employment list, to provide the appointing power with a certified list of the names and addresses of all eligible candidates, as specified. Current law requires the department to provide a single certified list of eligible candidates if more than one employment list or LEAP referral list exists, and the department is required to combine the names and addresses of all eligible candidates. This bill, as an alternative to receiving a combined list of eligible candidates, would require the department, upon request of an appointing power, to provide a list of eligibles that includes only the names and addresses of candidates, if any, on a LEAP referral list and the names and addresses of candidates, if any, on any applicable reemployment or State Restriction of Appointment list. The bill would authorize the appointing power to notify individuals listed of the opportunity to apply for a vacant position, to screen applications for candidates' eligibility, and to hire from among those eligible applicants whose names appear on the list. The bill would authorize the board to adopt or amend regulations, if necessary, to ensure these procedures are implemented in a manner consistent with merit principles and the California Constitution.

<u>CALAFCO Letter of Concern - April 2021</u> <u>AB 1195 Fact Sheet</u>

**CALAFCO Comments:** As amended on 4-6-21, the bill was gut and amended and now creates the So LA County Human Rights to Water Collaboration Act. It requires the Water Board to appoint a commissioner to implement the Safe & Affordable Funding for Equity & Resilience Program and gives the commissioner certain authorities (although they are not clearly spelled out). It requires the commissioner by 12-31-24 to submit to the Water Board a plan for the long-term sustainability of public water systems in southern LA County and prescribes what shall be included in the plan. The bill also creates a technical advisory board and requires the commissioner to oversee the Central Basin Municipal Water District.

In its current form the bill creates numerous concerns. CALAFCO's letter of concern is posted in the tracking section of the bill, and includes: (1) Focus of the bill is very broad as is the focus of the commissioner; (2) In an attempt to prevent privatization of water systems there is language regarding severing water rights. That language could be problematic should a consolidation be ordered; (3) Diminishing local control that is being invested in the state (an ongoing concern since SB 88); (4) A clear distinction needs to be made between an Administrator and Commissioner; (5) The poorly written section on the technical advisory board; and (6) The lack of LAFCo involvement in any consolidation process.

As amended on 5-24-21, the bill changes the water rights provision now requiring approval by the water Board; uses the definitions of "at risk system" and "at risk domestic well" found in SB 403 (Gonzalez) as well as the 3,300 connect cap; requires the commissioner appointed by the board to be from the local area; requires the commissioner to do certain things prior to completing the regional plan; and requires the commissioner to apply to LA LAFCo for extension of service, consolidation or dissolution as appropriate. The bill also creates a pilot program for LA LAFCo giving them the authority to take action rather than the water board, providing it is within 120 days of

receipt of a completed application. If the LAFCo fails to take action within that time, the matter goes to the water board for their action.

The pilot program also gives LA LAFCo the authority to approve, approve with conditions or deny the application; further giving LAFCo authority to consider consolidation or extension of service with a local publicly owned utility that provides retail water, a private water company or mutual; the bill also waives protest proceedings, gives the LAFCo authority to address governance structure and CEQA is waived, provides full LAFCo indemnification and funding.

There are still issues with the proposed technical advisory board section of the bill, and questions about timing of some of the processes. CALAFCO continues to work with the author and speakers' offices as well as other stakeholders on ongoing amendments.

The bill is author-sponsored and we understand there is currently no funding source. A fact sheet is posted in the tracking section of the bill. CALAFCO's letter of concern is also posted there.

THIS IS NOW A 2-YEAR BILL.

UPDATE AS OF 2/10/22 - According to the author's office, the author is not intending to move the bill forward at this time. CALAFCO will continue to WATCH and monitor the bill. As a result, the bill was downgraded from a P-1 to a P-3.

GUTTED AND AMENDED on 5/18/2022 to remove previous verbiage regarding water. The bill now addresses the State Department of Human Resources and the Limited Eligibility and Appointment Program (LEAP), which the Department of Human Resources

administers, to provide an alternative to the traditional civil service examination and appointment process to facilitate the hiring of persons with disabilities. Downgraded to Watch, from Watch with Concerns. Changed priorty to "None."

# **Summary:**

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, provides the authority and procedure for the initiation, conduct, and completion of changes of organization, reorganization, and sphere of influence changes for cities and districts, as specified. Current law requires an applicant seeking a change of organization or reorganization to submit a plan for providing services within the affected territory. Current law requires a petitioner or legislative body desiring to initiate proceedings to submit an application to the executive officer of the local agency formation commission, and requires the local agency formation commission, with regard to an application that includes an incorporation, to immediately notify all affected local agencies and any applicable state agency, as specified. This bill would define the term "successor agency," for these purposes to mean the local agency a commission designates to wind up the affairs of a dissolved district.

**CALAFCO Comments:** This is the annual Omnibus bill sponsored by CALAFCO. As introduced it makes 3 minor, technical non-substantive changes in CKH: (1) Replaces "to be completed and in existence" with "take effect" under GCS 56102; (2) Adds GCS 56078.5: "Successor Agency" means the local agency the Commission designates to wind up the affairs of a dissolved district; and (3%6

Replaces "proposals" with "applications" within GCS 56653(a), 56654(a), (b), and (c), and 56658(b)(1) and (b)(2).

April 18, 2022 bill amended with additional changes requested by CALAFCO. Amendments include grammatical changes, the correction of a PUC citation in GC Sec 56133(e)(5) from 9604 to 224.3, the extension of the sunset date within R&T Section 99(b)(8)(B) to January 1, 2028, and it renumbers remaining provisions as needed due to the above changes.

#### **Summary:**

Would authorize a development proponent to submit an application to convert land that was previously used as a golf course to market-rate and affordable housing and would provide that the application is subject to a streamlined, ministerial approval process, and not subject to a conditional use permit, if the development satisfies specified objective planning standards. In this regard, the bill would require a development subject to the provisions to be located on a site that was used as a golf course, but has been closed for at least 5 years before the effective date of these provisions and would require that the development include at least 600 housing units. The bill would require the development to dedicate at least 30% of the new housing units to lower income households and persons and families of moderate income, as specified. By requiring local governments to approve development applications submitted under these provisions, the bill would impose a state-mandated local program.

SB 738 - Author's Fact Sheet

**Position:** Oppose unless amended

Subject: Ag/Open Space Protection, Annexation Proceedings, Growth Management, Housing,

LAFCo Administration, Municipal Services, Planning, Sustainable Community Plans

**CALAFCO Comments:** SB 739 was gutted and amended on June 13th and now seeks to add provisions to the Government Code to allow for a rapid, and ministerial, conversion of golf courses that have been closed for at least 5 years to housing developments of at least 600 units. As proposed, the bill is to be in effect until January 1, 2030, authorizes a development proponent to submit an application and receive streamlined, ministerial approvals of both county CUPs and the LAFCo process to speed development. Additionally, while not expressly called out in the bill, it contains provisions that address contracting requirements which discuss high rise developments; the implication being that high rise developments of at least 600 housing units would have to be ministerially approved on all levels. CALAFCO is currently in discussions with the author's office.

#### Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, provides the exclusive authority and procedure for the initiation, conduct, and completion of changes of organization and reorganization for cities and districts, except as specified. Under existing law, in each county there is a local agency formation commission (commission) that oversees these changes of organization

and reorganization. Current law authorizes a commission to dissolve an inactive district if specified conditions are satisfied. This bill would also authorize a commission to initiate a proposal for the dissolution of a district, as described, if the commission approves, adopts, or accepts a specified study that includes a finding, based on a preponderance of the evidence, that, among other things, the district has one or more documented chronic service provision deficiencies, the district spent public funds in an unlawful or reckless manner, or the district has shown willful neglect by failing to consistently adhere to the California Public Records Act. The bill would require the commission to adopt a resolution of intent to initiate a dissolution based on these provisions and to provide a remediation period of at least 12 months, during which the district may take steps to remedy the stated deficiencies.

SB 938 CALAFCO Support letter

SB 938 CALAFCO Fact Sheet

SB 938 Author Fact Sheet

**Position:** Sponsor

**Subject:** CKH General Procedures, Other

**CALAFCO Comments:** CALAFCO is the sponsor of this bill. SB 839 represents a collaborative three-year effort (by an 18-member working group) to clean up, consolidate, and clarify existing statutory provisions associated with consolidations and dissolutions, as well as codify the conditions under which a LAFCo may initiate dissolution of a district at the 25 percent protest threshold. In response to a recommendation made in the 2017 Little Hoover Commission report (Special Districts: Improving Oversight and Transparency), CALAFCO initiated a working group of stakeholders in early 2019 to discuss the protest process for dissolutions of special districts.

The bill's current format (dated 2/8/22) represents the restructuring of existing protest provisions scattered throughout CKH. There have been some minor technical language added for clarifications. These changes are all minor in nature (by legislative standards).

The bill will be amended to reflect the newly designed process that codifies the ability for LAFCo to initiate a district dissolution at 25% protest threshold. The conditions under which this can occur include one or more of the following, any/all of which must be documented via determinations in a Municipal Service Review (MSR):

- 1. The agency has one or more documented chronic service provision deficiencies that substantially deviate from industry or trade association standards or other government regulations and its board or management is not actively engaged in efforts to remediate the documented service deficiencies;
- 2. The agency spent public funds in an unlawful or reckless manner inconsistent with the principal act or other statute governing the agency and has not taken any action to prevent similar future spending;
- 3. The agency has consistently shown willful neglect by failing to consistently adhere to the California Public Records Act and other public disclosure laws the agency is subject to;
- 4. The agency has failed to meet the minimum number of times required in its governing act in the prior calendar year and has taken no action to remediate the failures to meet to ensure future meetings are conducted on a timely basis;
- 5. The agency has consistently failed to perform timely audits in the prior three years, or failed to meet minimum financial requirements under Government Code section 26909 over the prior five years as an alternative to performing an audit, or the agency's recent annual audits show chronic issues with the agency's fiscal controls and the agency has taken no action to remediate the issues.

# The proposed process is:

- 1. LAFCo to present the MSR in a 21-day noticed public hearing. At that time the LAFCo may choose to adopt a resolution of intent to dissolve the district. The resolution shall contain a minimum 12-month remediation period.
- 2. The district will have a minimum of 12 months to remediate the deficiencies.
- 3. Half-way through the remediation period, the district shall provide LAFCo a written report on the progress of their remediation efforts. The report is to be placed on a LAFCo meeting agenda and presented at that LAFCo meeting.
- 4. At the conclusion of the remediation period, LAFCo conducts another 21-day noticed public

4/20

hearing to determine if district has remedied deficiencies. If the district has resolved issues, commission rescinds the resolution of intent to dissolve the district and the matter is dropped. If not, commission adopts a resolution making determinations to dissolve the district.

5. Standard 30-day reconsideration period.

- 6. Protest proceedings at 25% threshold can be noticed with a required 60-day protest period.
- 7. Protest hearing is held and amount of qualified protests determined based on 25% threshold. LAFCo either orders dissolution, election, or termination.

As this bill - when amended - adds requirements for LAFCos and districts, it will likely be keyed fiscal (for now it is not). An author fact sheet and CALAFCO fact sheet are posted in our attachments section as well as the CALAFCO Support letter and LAFCo support letter template.

#### Summary:

Current law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the Office of Planning and Research to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. This bill would authorize eligible entities, as defined, to establish and participate in a regional climate network, as defined. The bill would require the office, through the program, to encourage the inclusion of eligible entities with land use planning and hazard mitigation planning authority into regional climate networks. The bill would authorize a regional climate network to engage in activities to address climate change, as specified.

#### **Attachments:**

**Position:** Support **Subject:** Climate Change

**CALAFCO Comments:** This bill is a follow up and very similar to AB 897 (2021). The bill would authorize eligible entities, as defined (including LAFCo), to establish and participate in a regional climate network, as defined. The bill would authorize a regional climate network to engage in activities to address climate change, as specified. Further, it requires a regional climate network to develop a regional climate adaptation and resilience action plan and to submit the plan to OPR for review, comments, and certification. The bill would require OPR to: (1) encourage the inclusion of eligible entities with land use planning and hazard mitigation planning authority into regional climate networks; (2) develop and publish guidelines on how eligible entities may establish regional climate networks and how governing boards may be established within regional climate networks by 7-1-23; and (3) provide technical assistance to regions seeking to establish a regional climate network, facilitate coordination between regions, and encourage regions to incorporate as many eligible entities into one network as feasible.

The difference between this bill and AB 897 is this bill removes requirements for OPR to develop guidelines and establish standards and required content for a regional climate adaptation and resilience action plan (to be produced by the network), and removes some specified technical support requirements by OPR. Those requirements were covered in SB 170, a budget trailer bill from 2021.

The bill is author-sponsored and keyed fiscal. An author fact sheet is included in our attachments area, as well as the CALAFCO Support letter.

Amended 3/23/2022 to provide that regional climate networks MAY be developed rather than the former requirement. Minor clean ups of other superfluous language.

Amended 5/19/2022 to remove the deadline for OPR to develop and publish guidelines for eligible entities to establish regional climate networks, removed an exemption to cover multiple counties

when population was greater than 2 million people, removed requirements for membership and biennial reports to OPR.

#### Summary:

The Williamson Act, also known as the California Land Conservation Act of 1965, authorizes a city or county to enter into contracts with owners of land devoted to agricultural use, whereby the owners agree to continue using the property for that purpose, and the city or county agrees to value the land accordingly for purposes of property taxation. Current law sets forth procedures for reimbursing cities and counties for property tax revenues not received as a result of these contracts and continuously appropriates General Fund moneys for that purpose. This bill, for the 2022–23 fiscal year, would appropriate an additional \$40,000,000 from the General Fund to the Controller to make subvention payments to counties, as provided, in proportion to the losses incurred by those counties by reason of the reduction of assessed property taxes.

Subject: Ag Preservation - Williamson

**CALAFCO Comments:** AB 1773 resurrects funding the Williamson Act for the 2022-2023 budget year. The Williamson Act was created to preserve open space and conserve agricultural land. For many years, the state funded the Act at around \$35-\$40 million per year. This funding ceased during the recession, and has not been reinstated since. AB 1773 would allocate \$40 million from the General Fund to the Williamson Act for the purpose of subvention payments.

#### Summary:

The Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act contains specified provisions regarding the timelines for posting an agenda and providing for the ability of the public to observe and provide comment. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency's jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. This bill would require the agenda to identify any member of the legislative body that will participate in the meeting remotely.

Current law permits a municipal water districts to acquire, control, distribute, store, spread, sink, treat, purify, recycle, recapture, and salvage any water for the beneficial use of the district, its inhabitants, or the owners of rights to water in the district. Current law, upon the request of certain Indian tribes and the satisfaction of certain conditions, requires a district to provide service of water at substantially the same terms applicable to the customers of the district to the Indian tribe's lands that are not within a district, as prescribed. Current law also authorizes a district, until January 1, 2023, under specified circumstances, to apply to the applicable local agency formation commission to provide this service of water to Indian lands, as defined, that are not within the district and requires the local agency formation commission to approve such an application. Current law, upon the request of certain Indian tribes and the satisfaction of certain conditions, requires a district to provide service of water at substantially the same terms applicable to the customers of the district to the Indian tribe's lands that are not within a district, as prescribed. Current law also authorizes a district, under specified circumstances, to apply to the applicable LAFCo to provide this service of water to Indian lands, as defined, that are not within the district and requires the LAFCo to approve such an application. This bill extends the sunset date from January 1, 2023 to January 1, 2025.

CALAFCO opposed AB 1361 in 2017 as the process requires LAFCo to approve the extension of service, requires the district to extend the service, and does not require annexation upon extension of service. #### **Summary:**

Current law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act generally requires posting an agenda at least 72 hours before a regular meeting that contains a brief general description of each item of business to be transacted or discussed at the meeting, and prohibits any action or discussion from being undertaken on any item not appearing on the posted agenda. This bill would revise and recast those teleconferencing provisions and, until January 1, 2026, would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements that each teleconference location be identified in the notice and agenda and that each teleconference location be accessible to the public if at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the local agency's jurisdiction.

Position: Watch Subject: Brown Act

**CALAFCO Comments:** This bill authorizes the use of teleconferencing without noticing and making available to the public teleconferencing locations if a quorum of the members of the legislative body participate in person from a singular location that is noticed and open to the public and require the legislative body to offer public comment via video or phone.

#### **Summary:**

Current law, the California Public Records Act, requires state agencies and local agencies to make public records available for inspection, subject to specified criteria, and with specified exceptions. Current law, the Ralph M. Brown Act, requires the meetings of the legislative body of a local agency to be conducted openly and publicly, with specified exceptions. Current law makes agendas of public meetings and other writings distributed to the members of the governing board disclosable public records, with certain exceptions. This bill would instead require a local agency to make those writings distributed to the members of the governing board available for public inspection at a public office or location that the agency designates and list the address of the office or location on the agenda for all meetings of the legislative body of the agency unless the local agency meets certain requirements, including the local agency immediately posts the writings on the local agency's internet website in a position and manner that makes it clear that the writing relates to an agenda item for an upcoming meeting.

Position: Watch Subject: Brown Act

**CALAFCO Comments:** This bill seeks to amend the law to make clear that writings that have been distributed to a majority of a local legislative body less than 72 hours before a meeting can be posted online in order to satisfy the law.

Amended on April 19, 2022, to add a provision that agendas will note the physical location from which hard copies of such post-agenda documents can be retrieved.

#### Summary:

Current law authorizes the legislative body of a city or a county to establish an enhanced infrastructure financing district to finance public capital facilities or other specified projects of communitywide significance, including projects that enable communities to adapt to the impacts of climate change. Current law also requires the legislative body to establish a public financing authority, defined as the governing board of the enhanced infrastructure financing district, prior to the adoption of a resolution to form an enhanced infrastructure district and adopt an infrastructure financing plan. This bill would authorize a city, county, city and county, special district, or a combination of any of those entities to form a climate resilience district, as defined, for the purposes of raising and allocating funding for eligible projects and the operating expenses of eligible projects. The bill would deem each district to be an enhanced infrastructure financing district and would require each district to comply with existing law concerning enhanced infrastructure financing districts, except as specified. The bill would require a district to finance only specified projects that meet the definition of an eligible project. The bill would define "eligible project" to mean projects that address sea level rise, extreme heat, extreme cold, the risk of wildfire, drought, and the risk of flooding, as specified.

# **Attachments:**

SB 852 Author Fact Sheet

Position: Watch

**Subject:** Special District Principle Acts

**CALAFCO Comments:** This bill creates the Climate Resilience Districts Act. The bill completely bypasses LAFCo in the formation and oversight of these new districts because the districts are primarily being created as a funding mechanism for local climate resilience projects (as a TIF or tax increment finance district - for which LAFCos also have no involvement).

The bill authorizes a city, county, city and county, special district, or a combination of any of those entities to form a climate resilience district for the purposes of raising and allocating funding for eligible projects and the operating expenses of eligible projects. The bill defines "eligible project" to mean projects that address sea level rise, extreme heat, extreme cold, the risk of wildfire, drought, and the risk of flooding, as specified. The bill authorizes a district created pursuant to these provisions to have boundaries that are identical to the boundaries of the participating entities or within the boundaries of the participating entities. The bill also authorizes specified local entities to adopt a resolution to provide property tax increment revenues to the district. The bill would also authorize specified local entities to adopt a resolution allocating other tax revenues to the district, subject to certain requirements. The bill would provide for the financing of the activities of the district by, among other things, levying a benefit assessment, special tax, property-related fee, or other service charge or fee consistent with the requirements of the California Constitution. It requires 95% of monies collected to fund eligible projects, and 5% for district administration. The bill would require each district to prepare an annual expenditure plan and an operating budget and capital improvement budget, which must be adopted by the governing body of the district and subject to review and revision at least annually.

Section 62304 details the formation process, Section 62305 addresses the district's governance structure, and 62307 outlines the powers of the district.

This bill is sponsored by the Local Government Commission and is keyed fiscal. A fact sheet is included in our attachments section.

Amended 5/18/2022 to impose requirements on projects undertaken or financed by a district, including requiring a district

to obtain an enforceable commitment from the developer that contractors and subcontractors performing the work use a skilled and trained workforce, and would expand the crime of perjury to these certifications.

#### Summary:

Current law authorizes the members of the legislative body conducting the meeting to order the meeting room cleared and continue in session, as prescribed, if a group or groups have willfully interrupted the orderly conduct of a meeting and order cannot be restored by the removal of individuals who are willfully interrupting the meeting. This bill would authorize the presiding member of the legislative body conducting a meeting or their designee to remove, or cause the removal of, an individual for disrupting the meeting. The bill, except as provided, would require removal to be preceded by a warning to the individual by the presiding member of the legislative body or their designee that the individual's behavior is disrupting the meeting and that the individual's failure to cease their behavior may result in their removal. The bill would authorize the presiding member or their designee to then remove the individual if the individual does not promptly cease their disruptive behavior. This bill would require the office to, upon appropriation by the Legislature, establish the Unincorporated Area Annexation Incentive Program, authorizing the office to issue a grant to a city for the purpose of funding infrastructure projects related to the proposed or completed annexation of a substantially surrounded unincorporated area, as defined, subject to approval by the director after the city submits an application containing specified information. Current law requires, by July 1, 2017, and every 3 years thereafter, the Natural Resources Agency to update, as prescribed, the state's climate adaptation strategy, known as the Safeguarding California Plan. Current law establishes the Office of Planning and Research in state government in the Governor's office. Current law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the office to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. CALAFCO Support July 2021 AB 897 Fact Sheet

**Position:** Support

Subject: Climate Change

**CALAFCO Comments:** As introduced, the bill builds on existing programs through OPR by promoting regional collaboration in climate adaptation planning and providing guidance for regions to identify and prioritize projects necessary to respond to the climate vulnerabilities of their region.

As amended, the bill requires OPR to develop guidelines (the scope of which are outlined in the bill) for Regional Climate Adaptation Action Plans (RCAAPs) by 1-1-23 through their normal public process. Further the bill requires OPR to make recommendations to the Legislature on potential sources of financial assistance for the creation & implementation of RCAAPs, and ways the state can support the creation and ongoing work of regional climate networks. The bill outlines the authority of a regional climate network, and defines eligible entities. Prior versions of the bill kept the definition as rather generic and with each amended version gets more specific. As a result, CALAFCO has requested the author add LAFCOs explicitly to the list of entities eligible to participate in these regional climate networks.

As amended on 4/7, AB 11 (Ward) was joined with this bill - specifically found in 71136 in the Public Resources Code as noted in the amended bill. Other amendments include requiring OPR to, before 7-1-22, establish geographic boundaries for regional climate networks and prescribes requirements in doing so.

This is an author-sponsored bill. The bill necessitates additional resources from the state to carry out the additional work required of OPR (there is no current budget appropriation). A fact sheet is posted in the tracking section of the bill.

As amended 4/19/21: There is no longer a requirement for OPR to include in their guidelines how a regional climate network may develop their plan: it does require ("may" to "shall") a regional climate network to develop a regional climate adaptation plan and submit it to OPR for approval; adds requirements of what OPR shall publish on their website; and makes several other minor technical changes.

As amended 7/1/21, the bill now explicitly names LAFCo as an eligible entity. It also adjusts several timelines for OPR's requirements including establishing boundaries for the regional climate networks, develop guidelines and establish standards for the networks, and to make recommendations to the Legislature related to regional adaptation. Give the addition of LAFCo as an eligible entity, CALAFCO is now in support of the bill.

Amendments of 7/14/21, as requested by the Senate Natural Resources & Water Committee, mostly do the following: (1) Include "resilience" to climate adaptation; (2) Prioritize the most vulnerable communities; (3) Add definitions for "under-resourced" and "vulnerable" communities; (4) Remove the requirement for OPR to establish geographic boundaries for the regional climate networks; (5) Include agencies with hazard mitigation authority and in doing so also include the Office of Emergency Services to work with OPR to establish guidelines and standards required for the climate adaptation and resilience plan; and (6) Add several regional and local planning documents to be used in the creation of guidelines.

2/24/22 UPDATE: It appears this bill is being replaced with AB 1640 (Ward, Mullin, etc.). CALAFCO will keep this bill on Watch and follow the new bill.

# Summary:

Would require the dissolution of the Los Medanos Community Healthcare District, as specified. The bill would require the County of Contra Costa to be successor of all rights and responsibilities of the district, and require the county to develop and conduct the Los Medanos Area Health Plan Grant Program focused on comprehensive health-related services in the district's territory. The bill would require the county to complete a property tax transfer process to ensure the transfer of the district's health-related ad valorem property tax revenues to the county for the sole purpose of funding the Los Medanos Area Health Plan Grant Program. By requiring a higher level of service from the County of Contra Costa as specified, the bill would impose a state-mandated local program.

Position: Watch

**CALAFCO Comments:** This bill mandates the dissolution of the Los Medanos Community Healthcare District with the County as the successor agency, effective 2-1-22. The bill requires the County to perform certain acts prior to the dissolution. The LAFCo is not involved in the dissolution as the bill is written. Currently, the district is suing both the Contra Costa LAFCo and the County of Contra Costa after the LAFCo approved the dissolution of the district upon application by the County and the district failed to get enough signatures in the protest process to go to an election.

The amendment on 4/5/21 was just to correct a typo in the bill.

As amended on 4/19/21, the bill specifies monies received by the county as part of the property tax transfer shall be used specifically to fund the Los Medanos Area Health Plan Grant Program 97 within the district's territory. It further adds a clause that any new or existing profits shall be used solely for the purpose of the grant program within the district's territory.

The bill did not pass out of Senate Governance & Finance Committee and will not move forward this year. It may be acted on in 2022.

2022 UPDATE: Given Member Frazier is no longer in the Assembly and the appellate court overturned the lower court's decision, it is likely the bill will not move forward. CALAFCO will retain WACTH on the bill.

#### **Summary:**

The Political Reform Act of 1974 generally requires elected officials, candidates for elective offices, and committees formed primarily to support or oppose a candidate for public office or a ballot measure, along with other persons and entities, to file periodic campaign statements and certain reports concerning campaign finances and related matters. Current law permits a report or statement that has been on file for at least two years to be retained by a filing officer as a copy on microfilm or other space-saving materials and, after the Secretary of State certifies an online filing and disclosure system, as an electronic copy. This bill would permit a filing officer to retain a report or statement filed in a paper format as a copy on microfilm or other space-saving materials or as an electronic copy, as specified, without a two-year waiting period. The bill would also permit a filing officer to retain a report or statement as an electronic copy before the Secretary of State certifies an online filing and disclosure system.

**Position:** Watch **Subject:** FPPC

**CALAFCO Comments:** As introduced, this bill makes two notable changes to the current requirements of gift notification and reporting: (1) It increases the period for public officials to reimburse, in full or part, the value of attending an invitation-only event, for purposes of the gift rules, from 30 days from receipt to 30 days following the calendar quarter in which the gift was received; and (2) It reduces the gift notification period for lobbyist employers from 30 days after the end of the calendar quarter in which the gift was provided to 15 days after the calendar quarter. Further it requires the FPPC to have an online filing system and to redact contact information of filers before posting.

The amendment on 4/21/21 just corrects wording (technical, non-substantive change).

The amendments on 5/18/21 clarify who is to file a statement of economic interest to include candidates (prior text was office holders).

UPDATE AS OF 2/24/22 - The author's office indicates they are moving forward with the bill this year and are planning amendments. They are not clear what those amendments will be so CALAFCO will retain a WATCH position on the bill.

#### Summary:

The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level no later than December 31, 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would require the Natural Resources Agency, in collaboration with specified entities including the state board and the expert advisory committee as specified, to determine on or before January 1, 2024, an ambitious range of targets for natural carbon sequestration, and for nature-based climate solutions, that reduce greenhouse gas emissions for 2030, 2038, and 2045 to support state goals to achieve carbon neutrality and foster climate adaptation and resilience. The bill would require these targets to be integrated into the above-described scoping plan and other state policies. The bill would require the Natural Resources Agency, in consultation with specified agencies including the state board, to review and update the Natural and Working Lands Climate Smart Strategy to achieve these targets.

Would require the State Water Resources Control Board to take specified actions if the state board adopts a primary drinking water standard with a compliance period for which public water systems are given a designated period of time to comply with the primary drinking water standard without being held in violation of the primary drinking water standard. Specifically, the bill would require the state board to determine which public water system may not be able to comply with the primary drinking water standard without receiving financial assistance and develop a compliance plan, including a financial plan to assist that public water system in complying with the primary drinking water standard. The bill would also require the state board, if a public water system is in violation of the primary drinking water standard after the compliance period, to take into consideration whether or not the public water system implemented the compliance plan.

#### Summary:

Current law authorizes a groundwater sustainability agency to request of the county, and requires a county to consider, that the county forward permit requests for the construction of new groundwater wells, the enlarging of existing groundwater wells, and the reactivation of abandoned groundwater wells to the agency before permit approval. Current law also authorizes the State Water Resources Control Board to designate a high- or medium-priority basin as a probationary basin under certain conditions for specified purposes. This bill would instead require a county to forward permit requests for the construction of new groundwater wells, the enlarging of existing groundwater wells, and the reactivation of abandoned groundwater wells to the groundwater sustainability agency before permit approval. The bill would prohibit a county, city, or any other water well permitting agency from approving a permit for a new groundwater well or for an alteration to an existing well in a basin subject to the act and classified as medium- or high-priority unless specified conditions are met, including that it obtains a written verification, from the groundwater sustainability agency that manages the basin or area of the basin where the well is proposed to be located, determining that, among other things, the extraction by the proposed well is consistent with any sustainable groundwater management program established in any applicable groundwater sustainability plan adopted by that groundwater sustainability agency or an alternate plan approved or under review by the Department of Water Resources.

**Position:** Watch **Subject:** Water

**CALAFCO Comments:** 2/15/2022: As introduced, a spot holder.

3/17/2022: As amended, this bill now seeks to add a new section into the Water Code that would require, after July 1, 2023, designated extraction facilities to procure permits from the Department of Water Resources (DWR.) Extraction facilities are defined as those located in a basin that has already been designated by DWR as subject to critical overdraft conditions. It would also define times when permits are not needed, including for "de minimis extractors" (as defined by Section 10721), for replacement extractors, when drinking water is needed by a water system for public health purposes, for habitat and wetlands conservation, for photovoltaic or wind energy generation when less than 75 acre feet of groundwater is needed annually, when required by an approved CEOA document, and for facilities constructed to ensure a sustain water supply to consolidated public water systems. This bill would also require groundwater sustainability agencies (GSAs) to develop a process for the issuance of groundwater extraction permits which considers demonstrations of need, adherence to a groundwater sustainability plan, a showing that the extraction will not contribute to an undesirable result, and other procedural requirements. Additionally, the bill would require notification to all groundwater users within one mile of the proposed groundwater extraction facility, and to the DWR when the proposed extraction is within one mile of a disadvantaged community or a domestic well user, and other procedural steps. Also allows those GSAs in a basin not designated as subject to critical conditions of overdraft to adopt an ordinance that establishes their own process, in accordance with this section, for the issuance of groundwater extraction permits, and allows imposition of fees as long as they do not exceed reasonable agency costs. DWR shall provide technical assistance to assist GSA implement this section. This bill would further amend Water Code Section 10728 to require annual reports by GSA to include information regarding the number, location, and volume of water encompassed by permits issued under this section.

Unfunded mandate, now reimbursements provided. Keyed: fiscal.

Amended 4/27/2022 to removes all provisions regarding groundwater extraction facilities, adds in provisions regarding local agencies, which are defined as cities, counties, districts, agencies, or other entities with the authority to issue a permit for a new groundwater well or for an alteration to an existing well.

#### **Summary:**

The California Disaster Assistance Act requires the Director of Emergency Services to authorize the replacement of a damaged or destroyed facility, whenever a local agency and the director determine that the general public and state interest will be better served by replacing a damaged or destroyed facility with a facility that will more adequately serve the present and future public needs than would be accomplished merely by repairing or restoring the damaged or destroyed facility. Current law also authorizes the director to implement mitigation measures when the director determines that the measures are cost effective and substantially reduce the risk of future damage, hardship, loss, or suffering in any area where a state of emergency has been proclaimed by the Governor. This bill would specify that mitigation measures for climate change and disasters related to climate, may include, but are not limited to, measures that reduce emissions of greenhouse gases and investments in natural infrastructure, as defined, including, but not limited to, the preservation of natural and working lands, as described, improved forest management, and wildfire risk reduction measures.

Position: Watch

Subject: Ag/Open Space Protection

**CALAFCO Comments:** Seeks to add climate change to California Disaster Assistance Act and adds, as noted cost effective mitigation measures, the preservation of open space, improved forest management and wildfire risk reduction measures, and other investments in natural infrastructure (in line with definition of a "natural infrastructure" in GC Section 65302(g)(4)(C)(v).) Also would amend GC Sec 65302 to require General Plans to include "a set of measures designed to reduce emissions of greenhouse gases resulting in climate change, and natural features and ecosystem processes in or near identified at-risk areas threatened by the impacts attributable."

#### Summary

The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various elements, including, among others, a housing element and a safety element for the protection of the community from unreasonable risks associated with the effects of various geologic and seismic hazards, flooding, and wildland and urban fires. Current law requires the housing element to be revised according to a specific schedule. Current law requires the planning agency to review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every 8 years to identify new information relating to flood and fire hazards and climate adaptation and resiliency strategies applicable to the city or county that was not available during the previous revision of the safety element. Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after July 1, 2024, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse

#### **Summary:**

Would create the Pajaro Valley Health Care District, as specified, except that the bill would authorize the Pajaro Valley Health Care District to be organized, incorporated, and managed, only if the relevant county board of supervisors chooses to appoint an initial board of directors.

Position: Watch

**Subject:** Special District Principle Acts

**CALAFCO Comments:** Gut and amended on 1/14/22, this bill forms the Pajaro Valley Health Care District within Santa Cruz and Monterey counties. The formation, done by special legislation, bypasses the LAFCo process, with language explicitly stating upon formation, LAFCo shall have authority. The bill requires that within 5 years of the date of the first meeting of the Board of Directors of the district, the board of directors shall divide the district into zones. The bill would require the district to notify Santa Cruz LAFCo when the district, or any other entity, acquires the Watsonville Community Hospital. The bill requires the LAFCo to order the dissolution of the district if the hospital has not been acquired by January 1, 2024 through a streamlined process, and requires the district to notify LAFCo if the district sells the Watsonville Community Hospital to another entity or stops providing health care services at the facility, requiring the LAFCo to dissolve the district under those circumstances in a streamlined process.

Given the hospital has filed bankruptcy and this is the only hospital in the area and serves disadvantaged communities and employs a large number of people in the area, the bill has an urgency clause.

Several amendments were added on 1/24/22 by the ALGC and SGFC all contained within Section 32498.7.

CALAFCO worked closely with the author's office, Santa Cruz County lobbyist and the Santa Cruz and Monterey LAFCos on this bill. We have requested further amendments which the Senator has agreed to take in a follow-up bill this year. Those amendments include requiring Santa Cruz LAFCo to adopt a sphere of influence for the district within 1 year of formation; the district filing annual progress reports to Santa Cruz LAFCo for the first 3 years, Santa Cruz LAFCo conducting a special study on the district after 3 years, and representation from both counties on the governing board.

The bill is sponsored by the Pajaro Valley Healthcare District Project and is not keyed fiscal.

#### **Summary:**

Current law creates the Pajaro Valley Health Care District, as specified, and authorizes the Pajaro Valley Health Care District to be organized, incorporated, and managed, only if the relevant county board of supervisors chooses to appoint an initial board of directors. Current law requires, within 5 years of the date of the first meeting of the Board of Directors of the Pajaro Valley Health Care 102 District, the board of directors to divide the district into zones and number the zones consecutively.

Existing law requires the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 to govern any organizational changes for the district after formation. Existing law requires the district to notify the County of Santa Cruz local agency formation commission (LAFCO) when the district, or any other entity, acquires the Watsonville Community Hospital. Existing law requires the LAFCO to dissolve the district under certain circumstances. This bill would require the LAFCO to develop and determine a sphere of influence for the district within one year of the district's date of formation, and to conduct a municipal service review regarding health care provision in the district by December 31, 2025, and by December 31 every 5 years thereafter.

**Position:** Watch **Subject:** Other

**CALAFCO Comments:** This bill is a follow up to SB 418 (Laird) and contains some of the amendments requested by CALAFCO and Monterey and Santa Cruz LAFCos. As introduced the bill requires Santa Cruz LAFCo to adopt a sphere of influence for the district within 1 year of formation; the district filing annual progress reports to Santa Cruz LAFCo for the first 2 years, Santa Cruz LAFCo conducting a Municipal Service Review on the district every 5 years with the first being conducted by 12-31-25. Our final requested amendment, ensuring representation from both counties on the governing board, is still being worked on and not reflected in the introduced version of the bill.

#### Summary:

Existing law requires cities and counties to prepare, adopt, and amend general plans and elements of those plans, as specified. Existing law requires the general plan to include a housing element and an open-space element, which is also called an open-space plan. Existing law sets forth various deadlines for updates to the housing element. This bill would require every city and county to review and update its local open-space plan by January 1, 2026. The bill would require the local open-space plan update to include plans and an action program that address specified issues, including climate resilience and other cobenefits of open space, correlated with the safety element.
